No 2850

Chingleput

Revenue Department

Proceedings of the Bd of Revenue

Dated 16th June 1877

Read the following No. 441

From R. W. Barlow Esquire

Collector of the

Chingleput

District

To H. E. Stokes Esquire

Secretary to the

Board of Revenue

Madras

Sir, In reply to para 13 of the
Bd's Pro. No. 2177 dated 11th Ulti-

mo, just received, I have

the honor to forward a

statement showing the

progress of operations under

the Land Improvement Act,

up to the 10th idem. The total amount is as observed by the B.D., large, the heaviest expenditure being in the Tahsils of Ponnery & Saidapet.

2. On receipt of the Govt. Proceedings confirming the suggestions of the Board for facilitating procedure under the Act, I had a printed notice struck off explaining in simple language the nature of these concessions & had it circulated in every village - this of course made the provisions of the Act widely known & the ryots have not been slow to

4
take advantage of them - this partly accounts for the large number of applications. Another reason is that the Enamam lands in this Dist., now classed as purnja, of which there are extensive tracts, particularly in the Ponnery, Saidapet and Trivellore Tahsils, are well suited for purnja crops, if the natural rainfall is supplemented in some way and a well just meets this want.

3 I may add that great care has been taken in the Trivellore Tahsil by the Temporary Dy Collector to weigh carefully the security offered & I have

have issued similar in-
structions to the General S.
Collector, in charge of the Saida-
hat Taluk, who also assures
me that great care is taken,
while as regards the Ponnery
Taluk, as the applications
still outstanding are nu-
merous & I have little con-
fidence in the Talukdar, I
shall dispose of them myself
at the Huzur.

Ching S.
Collector's Office
Sandapet
11th June 1877

I have &c
(S) N. N. Barlow
Collector

Recorded.
~~Lauchlin~~

It is satisfactory to find
that the irrigation of the
manavary lands in Chinghaput
is

is likely to be supplemented
largely by wells constructed
from advances under the
Land Improvement Act. As
Mr. Barlow rightly remarks
the aid of a well is exactly
what these lands want.
3. The Bd are glad to learn
that precautions are being
taken to prevent advances
being improperly made. These
should not be relaxed.
