GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

12th June 1877, No. 77 I.

Irrigation.
Account.

Read the following paper:—

No. 46. From Major J. BEATTY, R.E., Officiating Superintending Engineer, Godavery District, to the Chief Engineer for Irrigation, dated Camp at Dowlaisheram, 25th May 1877, No. 607.

I HAVE the honor to forward herewith a revised estimate in the form of a comparative statement, amounting to Rupees 807, for constructing a regulating weir below Nursapurapetta channel on the Yenamadala channel on the left bank of the Coringa canal in the Eastern Delta, and to request you will be good enough to obtain the sanction of Government to the estimate.

2. The original estimate for this work, amounting to Rupees 680, was approved of in your memorandum No. 294 of the 27th April 1874, and your approval was confirmed in G.O. No. 2,186 of 19th August 1876.

3. The cause of excess over the original estimate, viz., Rupees 127, is that the regulator was provided with shutters and screw gearing, instead of common shutters with iron posts, as suggested in your memorandum above alluded to.

4. The usual statement showing the additional area to be irrigated under the channel is herewith forwarded.

No. 47. ORDER THEREON, 12th June 1877, No. 77 I.

THE revised estimate of Rupees 807 for constructing a regulator No. 1 on Yenamadala Irrigation channel, Coringa canal, is sanctioned in lieu of that for Rupees 680 approved in G.O. No. 2,186 of the 19th August 1876, registered No. 108 I, 2.

2. This sanction which raises that for Coringa canal distributaries to Rupees 14,609 has been registered as No. 62 I of 1877-78.
