Sir,

With reference to your telegram
dated 1st Inst. I have the honor
to inform you that the number of
coolies shown in the season telegram
for the month ending 4th May 1877 is 44,001,
but after the receipt of this telegram,
the Return of the Resident Engineer,
Arcotum having been received, the
number of 7,000 coolies therein shown
as having been at work on doubling
the Railway line from Arcotum

to Imbhattoor, was enclosed in the Post
Copy of the above Telegram with an
explanatory note for information. The
number of Cookies on last day of
the week ending 11th May was therefore
45,797 against 51,794 of previous week,
as explained in the Post Copy of the Telegram.
Hence the decrease accounted for in the
Season Telegram for week ending
