From

Surgeon J. L. Walker M. D.

Ap. J. L. Walker Surgeon

Bottom

The Deputy Surgeon General
Indian Medical Service

Washington D. C.

Sir,

1. With reference to your Memo. No. 1745 dated

6th March 1877. I have the honor to report to Government

through your Office, on the physical condition of the

Coolies employed on the Relief works of the Pacific

2. On the 25th instant I of the instant, I inspected

the Relief work laborers. They appeared to me

to be in about the same condition, as they were

a fortnight ago. They do not seem to have lost flesh

or decreased in weight during that period. They

have but little strength however, and many

of them are not capable of doing laborious work

During the past week several of the gangs

have again failed to perform the amount of

work allotted to them, and have been fined some

piece, according to their short-comings. Examined

gangs closely, and one of the
free contingent of men 100 men in

gangs showed considerable

Men 30 per cent

Women 30 per cent

Children 25 per cent

The percentage of anemic men
in these gangs is larger, than in the
1st instant, where the per cent
of anemic men was 24, and of the
of anemic men is represented
(30) as in the 1st instant.

3. I enclose weight lists of
six of these represent new gangs
gangs who remained on the work
The remaining three weight
remnant of the original gangs
weights of those coolies who joined
from week to week, to fill up the
The lists show no falling off in work
fortnight, amongst 27 persons
