Sir, With reference to
the letter (herewith re-
turned) of Messrs Darby

of 12th May 77, refer-
red to me for report I have
the Bd of Rev. I have the
honor to report that the
buildings which the

are not suitable for pub-
lic offices.

To the Colliery Trinivally.

Sir, With reference to
Messrs. Barclay Kuttler & Co's
letter to the Chief Secretary
to Govt of Madras of 12th ultimo
copy of which was sent to me

by the D. A. S. S. Colliery for
report after consultation
with the Master Attendant,
and I have the honor
to report that I & the
Attendant inspected the
premises which they propose
to sell. They are in a capi-
tal position & very con-
veniently situated as regards
the Custom House, but
there is little open space
the land being covered with
buildings, many of which
are small rooms, that
would not afford conveni-
ent & suitable accom-
modation for a sea pas-
senger office or godowns.

What we want for the
Custom House an increas-
ed open area for making
a large shed & this could not
be had in these premises
without pulling down half
the buildings which are
partly up-story ones. The
front part of the building
might be used for a Post
Office but this office
now rents a suitable build-
ing for Rs 20 a month. The
accommodation is not at
all sufficient for the
Sub Collector's Office which
is to come here. Besides these
no other Govt. Offices are
required. The price at which

3
Mysore the Govt. offer to sell the land &
building is 15000 Rs which
amount they might however
reduce, but at any but
a very low price, say Rs 2000
or Rs 3000, at which of course
they would not sell, the
value being much greater.
The purchase would be a
dead loss to Govt. I agree
Phipps agrees with me in
the above opinion & I there-
fore submit that the Govt.
should be informed that
the property is not required
by them. I have from

The Chief Secretary
Government of Madras

Sir,

We have the honor to inform you that,
having purchased Messrs A & R Crowder's
Cotton Pressing Establishment in this
place, we are thinking of removing our
Import business to those Premises, and
possibly of selling our present offices.

From personal observation, it has occurred to us that, as the existing Custom House, Master Attendants quarters, and Post office, which adjoin these, may be found insufficient to accommodate the increasing trade of this Port, Government might be

willing to purchase this property.

It consists of an upstairs house
with large godowns covering an area
of 50 ft x 140 ft and is situated
nearly opposite the Customs Jetty.

Should it suit Government to

acquire the property we shall

be happy to furnish any other

information that may be required.

We have the honor to be

Sir,

Yours obedient servant
