Salem

Revenue Department.

PROCEEDINGS OF THE BOARD OF REVENUE,

Dated 26th May — 1877.

Board's Order No 5534

S. N. No 277
1531

Read the following

From,

The Collector of Salem

To,

The Secretary to the
Board of Revenue

Madras

Sir,

In reference to Board's Proceedings
No 2205 dated 12th Instant, I have the honor
to request that the Board of Revenue will be
pleased to reconsider their order so far as
the Mullapuram-Papireddeputty road is
concerned. The road is a very important
Railway feeder to the Mullapuram Railway
Station. It was long desired by the people and
the matter of its construction was prominently
brought to the notice of the Local Fund Board

Do

so far back as 1872; but the work was postponed, as other roads already estimated for and sanctioned were lying over for want of funds. The road passes through a fertile tract, and there are many rich villages with considerable wet cultivation along the line. All the tanks and channels in the neighbourhood have been put in repair from Famine Funds; a great many of them have been completed or are approaching completion, and there is no other considerable work to employ people for some time; and as distress prevails in that part, I beg the Board will be good enough to sanction execution of this road. It is not a new road, as it has already been under Local Fund Board with a maintenance allotment of Rs 50 per mile

mile for which provision has been made in the current year's Budget. The Estimate is resubmitted. I shall separately address the Board in regard to the Pudupett Elikal-natham road.

Palani Collector's Office,
Camp, Sunkary, 18th May 1877.

I have &c.
(Signed) R. J. Longley
Collector.

The Government having disallowed the work after perusal of a letter from the Collector to much the same effect as the above, the Board decline to address them again upon the subject or to sanction the work. The coolies in the neighbourhood wanting employment can, the Board do not doubt find it at a little distance.

The outlay on the road only amounted to Rupees 780 in a month ^{which} does not indicate

indicate a large demand for labour-
