Coolies returning freely after storm of 19th May, much water still to contend with, rainfall on 10th and 11th instant 2.3 inches will add to canal troubles, but improve prospects of district immensely; anicut channels flowing more or less since 19th May are now flowing full, and one foot of water over anicut. Many tanks full, all have received one-third to full supply average of tanks two-thirds full. Rice bazaars along canal supplied fairly well, but much rice very bad quality.

No. 196. ORDER THEREON, 20th June 1877, No. 278 W.

THE District Engineer will instruct all Canal Officers to report to the Civil authorities on the spot if any unwholesome rice is offered for sale.
