No. 2,282, Revenue Department :—

ABSTRACT.—Communicating Proceedings, Public Works Department, requesting
to arrange for communication of areas of irrigation under the Godavery Delta Canals
in each village to Canal Officers at earliest possible date in each village.

COMMUNICATED to the Collector of the Godavery District who will report what
hindrance there is to his furnishing the Canal Officers month by month with informa-
tion regarding the area of irrigation in each village up to the close of the preceding
month. If the Curnams were required to post the monthly cultivation account punctu-
ally and to note against each field whether the land had been irrigated by canal water
or not and the source of supply, there could be no difficulty in furnishing the requisite
particulars at an early date in each month.
