No. 571

From

THE ACTING COLLECTOR,
Kurnool,

To

THE SECRETARY TO THE
BOARD OF REVENUE,
Madras.

Sir,

With reference to the Relief Reports* and the Return of prices and rainfall for the week ending 26th May, 1877, I have the honour to make the following explanatory remarks.

*Already despatched.

2. *Statement No.* 1.—On the whole, prices were nearly stationary as shown in the margin. There was a slight fall in the price of rice in Cumbum and ragi in Markapur. Cumbu rose in Cumbum from 9·90 in the previous week to 9·07 and fell in Markapur in the same proportion. Wheat also rose in Cumbum from 6·60, in the previous week to 5·36, and in Sirwell from 7·12 to 6·06.

Average of the District.		
Grain.	19th May.	26th May.
Rice	6·89	6·92
Cholum	7·86	7·85
Ragi	9·62	9·51
Cumbu	9·19	9·19
Wheat	7·09	6·55
Horsegram	7·97	8·32

3. No rain fell during the week in any part of the district except Nundial where ·30 of an inch was registered.

7·97 8·32 fell

4. The number of works sanctioned for execution, those in progress and completed are shown in the annexed table :—

Taluqs.	No. of works sanctioned.	No. of works in progress.	No. of works completed.
Ramalkota	48	17	12
Nandikotkur	44	15	1
Pattikonda	72	26	...
Koilkuntla	12	8	...
Nundial	31	15	...
Sirwell	30	12	...
Cumbum	36	11	...
Markapur	23	9	...
Total...	296	113	13

5. During the week under report, 12 minor Irrigation Works in the Ramalkota taluq were completed at an aggregate cost of Rupees 3,325. In Nandikotkur, Work No. 9 under "New Works Roads," was also completed at a cost of Rupees 908. The decrease in the number of works shown in columns 1 and 2 above, is owing to the revision of the list of works in the manner described in my letter to the Board, No. 409, dated 30th April 1877.

The grants made up to the 26th May, amounted to Rs. 46,21,000. The outlay on works in the week came up to 116,781 against 122,698 in the previous week. The decrease is chiefly in Pattikonda and is owing to a large outlay on account of sundries, incurred in previous weeks, having been for reasons pointed out in my last week's report included for the first time in the return for that week; and partly to the effect of the late rains in inducing a small proportion of the coolies to retire from the works to commence agricultural operations. The total outlay on works since the commencement of distress is Rs. 39,98,695.

7. *Numbers on Relief Works.*—The numbers for the taluqs are compared in the margin. The decrease in Ramalcotta, Patticonda, Koilkuntla, and Markapur, is reported to be owing to the return of

Taluqs.	19th May.	26th May.	Difference.

coolies to their homes to attend their agricultural pursuits after the recent rains. The increase in Nandikotkur is attributed to the recommencement during the week of a certain roadwork which was temporarily stopped. That in Sirwell is but nominal and is due to defective returns last week which are corrected this week.

8. With reference to Board's Proceedings, dated 2nd May, No. 2,032, Mr. Gibson reports that the coolies on all minor roads in his section except that from Atmakur to Egode, have been transferred to the trunk roads, and that it is not proposed to commence any new roads, though the completion of some already begun may be necessary. He further states that the two Irrigation Projects in the Sirwell taluq will not be undertaken, but that one or two Irrigation works on a smaller scale may be taken up. Mr. Gibson's attention has been drawn to the necessity for undertaking as many more irrigation repairs as possible at an early date.

9. The rates of wages paid during the week were those sanctioned in G. O., 31st January. The higher scale sanctioned in G. O., dated 22nd May, 1877, No. 1288 has since been introduced throughout nearly the whole District. Higher task-rates were paid in the Ramalkota and Nandial taluqs on works under the D. P. W.

10. The following rates of money or grain wages were paid in the District during the week under report.

Markapur	3,385	2,396	—	989
Total	61,759	62,486	+	727

12. The increase of 727 on the whole, is the net result of an increase of 206 under camps and relief houses, and 2,273 under children receiving 3 pies per head, and a decrease of 1,752 under village relief. The decrease under village relief in the result of improved supervision. The attention of the sectional officers has again been called to the increasing number of children alluded to above.

5. During the week under report, 12 minor Irrigation Works in the Ramalkota taluq were completed at an aggregate cost of Rupees 3,325. In Nandikotkur, Work No. 9 under "New Works Roads," was also completed at a cost of Rupees 908. The decrease in the number of works shown in columns 1 and 2 above, is owing to the revision of the list of works in the manner described in my letter to the Board, No. 409, dated 30th April 1877.

The grants made up to the 26th May, amounted to Rs. 46,21,000. The outlay on works in the week came up to Rs. [illegible] against 122,698 in the previous week. The decrease is chiefly in Pattikonda and is owing to large outlay on account of sundries, including previous weeks, having been for reasons stated out in my last week's report included for the first time in the return for that week; and partly to the effect of the late rains in inducing a small proportion of the coolies to retire from the works to commence agricultural operations. The total outlay on works since the commencement of distress is Rs. 39,98,695.

7. *Numbers on Relief Works.*—The numbers for the taluqs are compared in the margin. The decrease in Ramalcotta, Patticonda, Koilkuntla, and Markapur is reported to be owing to the return of

coolies to their homes to attend their agricultural pursuits after the recent rains. The increase in Nandikotkur is attributed to the recommencement during the week of a certain roadwork which was temporarily stopped. That in Sirwell is but nominal and is due to defective returns last week which are corrected this week.

8. With reference to Board's Proceedings, dated 3rd May, No. 2,032, Mr. Gibson reports that the coolies on all minor roads in his section except that from Atmakur to Egode, have been transferred to the trunk roads, and that it is not proposed to commence any new roads, though the completion of some already begun may be necessary. He further states that the two Irrigation Projects in the Sirwell taluq will not be undertaken, but that one or two Irrigation works on a smaller scale may be taken up. Mr. Gibson's attention has been drawn to the necessity for undertaking as many more irrigation repairs as possible at an early date.

9. The rates of wages paid during the week were those sanctioned in G. O., 31st January. The higher scale sanctioned in G. O., dated 22nd [illegible] No. 1788, has since been introduced throughout nearly the whole District. [illegible] rates were paid in the Ramalkota and [illegible] taluqs on works under the D. P. W.

The following rates of money or grain were paid in the District during the week under [illegible]
