Sir

With reference to the Proceedings

G. B. N^o 7409.

of the Board of Revenue N^o 2423 dated
26th May 1877, I have the honor to state
that the relief expenditure in this District
up to the 23rd instant has exceeded the
grant by about Rs 20,000. This includes
advances made for sinking wells and to
measures as well as loans to the Ramanad
Swatanam and the Thiruvengal estate
for

Rs 2,43,748

26. The cholera has failed;
the raggy crop extensively blighted in
Michoacan will fail. The rain
falls very shortly, and I see no
prospect at present that grain will
become more abundant for many months.
