REVENUE DEPARTMENT.

*Proceedings of the Board of Revenue,  
dated 29th June, 1877.*

Read the following:—

No. 583.

Board's G. R. No. 7,004.

From

THE ACTING COLLECTOR,

*Kurnool.*

To

THE SECRETARY TO THE  
BOARD OF REVENUE,  
*Madras.*

Sir,

The usual Relief Reports and the return of prices and rainfall for the week ending 2nd June, 1877 having been already submitted, I have the honor to make the following explanatory remarks with reference to the same.

2. *Statement No. 1.*—On the whole, prices are nearly stationary as shown in the margin. In Cumbum rice and cholum fell while

| Average for the District. |           |           |
|---------------------------|-----------|-----------|
| Grain.                    | 26th May. | 2nd June. |
| Rice.....                 | 6.92      | 6.95      |
| Cholum.....               | 7.86      | 8.06      |
| Ragi.....                 | 9.51      | 9.51      |
| Cumbu.....                | 9.19      | 8.92      |
| Wheat.....                | 6.55      | 6.62      |
| Horsegram.....            | 8.32      | 8.10      |

cumbu rose slightly. Ragi fell in Koilkuntla while wheat fell in Pattikonda and Nundial.

3. There were a few light and partial showers during the week, in four taluqs of the district averaging to .14 inch; the fall nowhere exceeding .17 inch.

4. The number of works sanctioned for execution, those in progress and completed during the week are shown in the annexed table.

| Talugs.           | No. of works sanctioned. | No. of works in progress. | No. of works completed. |
|-------------------|--------------------------|---------------------------|-------------------------|
| Ramalkota .....   | 52                       | 11                        | ...                     |
| Nandikotkur ..... | 44                       | 3                         | ...                     |
| Pattikonda .....  | 72                       | 11                        | ...                     |
| Koilkuntla .....  | 12                       | 6                         | ...                     |
| Nundial .....     | 81                       | 6                         | ...                     |
| Sirwell .....     | 30                       | 5                         | ...                     |
| Cumbum .....      | 37                       | 9                         | ...                     |
| Markapur .....    | 22                       | 5                         | ...                     |
| Total .....       | 300                      | 56                        | ...                     |

5. The decrease in the number of works in progress is due to the stoppage of work on unimportant roads and the concentration of labour on trunk roads, the more important of the new roads and irrigation works.

6. The grants up to 2nd June for works in the district amounted to Rs. 46,21,000. The outlay on works during the week under report was Rs. 117,931 against Rs. 116,781 in the previous week. The increase is very slight and calls for no remark. The total outlay on works since the commencement of distress amounts to Rs. 41,16,626.

7. The numbers for the talugs are compared below —

| Talugs.           | 26th May | 2nd June. | Difference. |
|-------------------|----------|-----------|-------------|
| Ramalkota .....   | 31,230   | 30,345    | — 885       |
| Nandikotkur ..... | 23,493   | 23,358    | — 135       |
| Pattikonda .....  | 22,487   | 22,753    | + 266       |
| Koilkuntla .....  | 26,797   | 27,466    | + 669       |
| Nandial .....     | 27,006   | 26,994    | — 12        |
| Sirwell .....     | 23,019   | 23,289    | + 270       |
| Cumbum .....      | 46,337   | 42,504    | — 3,833     |
| Markapur .....    | 7,467    | 8,199     | + 732       |
| Total .....       | 207,836  | 205,208   | — 2,628     |

8. The decrease which occurs mainly in Cumbum is nominal and is due to defective return. The small decrease in Ramalkota is ascribed to the return of coolies to their homes to commence agricultural operations after the recent rains and the increase in Koilkuntla to the return to works of coolies who had left them for the like reason. The numbers in other talugs are almost stationary.

9. The lower rates of wages prescribed in G. O. of the 31st January were in force in all the talugs except Ramalkota, Pattikonda and Koilkuntla where the higher rate was introduced generally in accordance with G. O. 22nd May No. 1,788. Mr. Gibson has reported that he directed on the 30th May, the introduction

generally of the marginal rates in the Nundial talug; but the order was issued too late to be carried into effect in the week under report.

The highest and lowest rates of wages to a male adult under each of the two scales of task work prescribed are as follows in each talug:

| Talugs.           | Scale I.  |           | Scale II. |           |
|-------------------|-----------|-----------|-----------|-----------|
|                   | High-est. | Lowest.   | High-est. | Lowest.   |
| Ramalkota .....   | A. P. 2 1 | A. P. 2 0 | A. P. 1 7 | A. P. 1 7 |
| Nandikotkur ..... | .. ..     | .. ..     | 1 8       | 1 8       |
| Pattikonda .....  | 2 2       | 2 0       | 1 7       | 1 7       |
| Koilkuntla .....  | 2 2       | 2 2       | .. ..     | .. ..     |
| Nandial .....     | 1 11      | 1 11      | 1 5       | 1 5       |
| Sirwell .....     | .. ..     | .. ..     | 1 7       | 1 7       |
| Cumbum .....      | .. ..     | .. ..     | 1 6       | 1 5       |
| Markapur .....    | .. ..     | .. ..     | 1 5       | 1 3       |

10. In the Pattikonda talug two different rates of the higher scale of wages appears to have been paid during the week. Mr. Clogstoun has been called upon to explain.

11. *Gratuitous Relief.*—The talug totals compare as follows with those entered in last week's report.

| Talugs.           | 26th May. | 2nd June. | Difference. |
|-------------------|-----------|-----------|-------------|
| Ramalkota .....   | 10,970    | 10,789    | — 181       |
| Nandikotkur ..... | 7,204     | 5,546     | — 1,658     |
| Pattikonda .....  | 6,858     | 6,668     | — 190       |
| Koilkuntla .....  | 7,474     | 7,408     | — 66        |
| Nandial .....     | 8,588     | 8,860     | + 272       |
| Sirwell .....     | 5,209     | 5,423     | + 214       |
| Cumbum .....      | 13,787    | 13,344    | — 443       |
| Markapur .....    | 2,396     | 2,573     | + 177       |
| Total .....       | 62,486    | 60,611    | — 1,875     |

12. The decrease of 1,875 is the net result of an increase of 110 in numbers fed in camps

fell while

and relief houses and a decrease of 1,067 under village relief and 918 under children receiving 3 pies per head.

13. There were 34 camps and relief houses at which 6,716 were being fed, village relief was given to 4,614 persons in 516 villages out of 753 which have been divided into 26 inspection circles. The total number of children receiving the special allowance of 3 pies per head was 49,281.

14. The following statement shows the distribution as to class of the persons in relief camps and in villages so far as reported:—

| Class.        | In Camps. |           | In Villages. |           |
|---------------|-----------|-----------|--------------|-----------|
|               | No.       | Per cent. | No.          | Per cent. |
| Men.....      | 1,517     | 23        | 1,140        | 25        |
| Women.....    | 2,591     | 38        | 1,572        | 34        |
| Children..... | 2,618     | 39        | 1,902        | 41        |
| Total.....    | 6,716     | 100       | 4,614        | 100       |

The deaths in camps and relief houses are reported to have been 50 among recipients of village relief 70 and among children receiving 3 pies per head 62.

15. The following statement shows the total numbers on the hands of Government in each taluq and the proportion which the numbers bear to the population.

| Taluqs.          | Population as per census of 1871. | Numbers.      |                    |         | Per cent of population. |
|------------------|-----------------------------------|---------------|--------------------|---------|-------------------------|
|                  |                                   | Relief works. | Gratuitous relief. | Total.  |                         |
| Ramalkota.....   | 147,552                           | 30,945        | 10,769             | 41,714  | 28                      |
| Nandikotkur..... | 109,783                           | 29,364        | 5,546              | 34,910  | 31                      |
| Pattikonda.....  | 173,118                           | 22,753        | 6,668              | 29,421  | 17                      |
| Koilkuntla.....  | 99,424                            | 27,466        | 7,108              | 34,574  | 35                      |
| Nandini.....     | 106,454                           | 26,994        | 8,860              | 35,854  | 33                      |
| Sirweil.....     | 72,179                            | 23,289        | 5,423              | 28,712  | 39                      |
| Gumbum.....      | 124,453                           | 42,804        | 13,344             | 56,148  | 45                      |
| Markapur.....    | 92,666                            | 8,199         | 2,573              | 10,772  | 11                      |
| Total.....       | 919,628                           | 205,208       | 60,611             | 265,819 | 29                      |

16. In column 2 of the above statement is not included, the population of the Banganpally Jaghire, the people of which are freely admitted into our works in the Koilkuntla taluq owing to the inability of the Nabob to provide employment for his distressed subjects at his own expense. This circumstance makes the percentage of population in the Koilkuntla taluq on the hands of Government appear larger than it really is.

17. The Nabob of Banganpally though unable to open any relief works has started a relief house in his Cusbah town where he feeds a large number of distressed persons. The number so fed by him during the whole of last week was 11,223 which gives a daily average of 1,603. The expenditure incurred on this account during the week is reported to be Rs. 1,360.

18. The following table shows the numbers that emigrated to the Nellore canal during the week under report and up to the end of the week as far as information is available.

|                             | Men.  | Women. | Children above 7. | Children below 7. | Total. |
|-----------------------------|-------|--------|-------------------|-------------------|--------|
| In the week.....            | 880   | 634    | 377               | 193               | 2,084  |
| To the end of the week..... | 8,177 | 6,387  | 3,650             | 2,457             | 20,701 |

The figures inserted against the item "in the week" include a large number that emigrated in the previous week but not then reported owing to non-receipt of the information.

19. The following table shows the number of cattle fed with prickly pear on the last day of the week and the expenditure on that account in the town of Kurnool.

| Number of cattle fed. | Expenditure in the week. |    |    | Expenditure to the end of the week. |    |    |
|-----------------------|--------------------------|----|----|-------------------------------------|----|----|
|                       | Rs.                      | A. | P. | Rs.                                 | A. | P. |
| 27                    | 23                       | 5  | 0  | 439                                 |    | 11 |

The prospects of the cattle having improved, the owners have taken back several animals.

20. The establishment returns will follow and the usual Taluqwar abstracts are herewith submitted.

Submitting to Government from the Collector of Kurnool, offering explanatory remarks on Relief Reports and Return of Prices and Rainfall, for the week ending 2nd June, 1877.

Lawrence Asylum Press

No. 3,098.

REVENUE DEPARTMENT

Proceedings of the Board of Revenue,  
dated 29th June, 1877.

Read the following:—

No. 583.

Board's G. R. No. 7,004.

From

THE ACTING COLLECTOR,

Kurnool,

To

THE SECRETARY TO THE  
BOARD OF REVENUE,  
Madras.

Sir,

The usual Relief Reports and the return of prices and rainfall for the week ending 2nd June, 1877 having been already submitted, I have the honor to make the following explanatory remarks with reference to the same.

2. Statement No. 1.—On the whole, prices are nearly stationary

| Average for the District. |           |           |
|---------------------------|-----------|-----------|
| Grain.                    | 26th May. | 2nd June. |
| Rice.....                 | 6.92      | 6.95      |
| Cholum.....               | 7.86      | 8.06      |
| Ragi.....                 | 9.51      | 9.51      |
| Cumbu.....                | 9.19      | 8.92      |
| Wheat.....                | 6.55      | 6.62      |
| Horsegram.....            | 8.32      | 8.10      |

as shown in the margin. In Cumbu rice and cholum fell while cumbu rose slightly. Ragi fell in Koilkuntla while wheat fell in Pattikonda and Nundial.

3. There were a few light and partial showers during the week, in four taluqs of the district averaging to 14 inch; the fall nowhere exceeding 17 inch.

fill white

4. The number of works sanctioned for execution, those in progress and completed during the week are shown in the annexed table.

| Taluqs.           | No. of works sanctioned. | No. of works in progress. | No. of works completed. |
|-------------------|--------------------------|---------------------------|-------------------------|
| Ramalkota .....   | 52                       | 11                        | ...                     |
| Nandikotkur ..... | 44                       | 3                         | ...                     |
| Pattikonda .....  | 72                       | 11                        | ...                     |
| Koilkuntla .....  | 19                       | 6                         | ...                     |
| Nandial .....     | 31                       | 6                         | ...                     |
| Sirwell .....     | 30                       | 5                         | ...                     |
| Cumbum .....      | 37                       | 9                         | ...                     |
| Markapur .....    | 22                       | 5                         | ...                     |
| Total .....       | 300                      | 56                        | ...                     |

5. The decrease in the number of works in progress is due to the stoppage of work on unimportant roads and the concentration of labour on trunk roads, the more important of the new roads and irrigation works.

6. The grants up to 2nd June for works in the district amounted to Rs. 46,21,000. The outlay on works during the week under report was Rs. 117,931 against Rs. 116,781 in the previous week. The increase is very slight and calls for no remark. The total outlay on works since the commencement of distress amounts to Rs. 41,16,626.

7. The numbers for the taluqs are compared below:—

| Taluqs.           | 26th May | 2nd June. | Difference. |
|-------------------|----------|-----------|-------------|
| Ramalkota .....   | 31,230   | 30,345    | — 885       |
| Nandikotkur ..... | 23,493   | 23,358    | — 135       |
| Pattikonda .....  | 22,487   | 22,753    | + 266       |
| Koilkuntla .....  | 26,797   | 27,486    | + 689       |
| Nandial .....     | 27,008   | 26,994    | — 12        |
| Sirwell .....     | 23,019   | 23,239    | + 270       |
| Cumbum .....      | 46,337   | 42,804    | — 3,533     |
| Markapur .....    | 7,487    | 8,199     | + 732       |
| Total .....       | 207,836  | 205,208   | — 2,628     |

8. The decrease which occurs mainly in Cumbum is nominal and is due to defective return. The small decrease in Ramalkota is ascribed to the return of coolies to their homes to commence agricultural operations after the recent rains and the increase in Koilkuntla to the return to works of coolies who had left them for the like reason. The numbers in other taluqs are almost stationary.

9. The lower rates of wages prescribed in G. O. of the 31st January were in force in all the taluqs except Ramalkota, Pattikonda and Koilkuntla where the higher rate was introduced generally in accordance with G. O. 22nd May No. 1,788. Mr. Gibson has reported that he directed on the 30th May, the introduction

generally of the marginal rates in the Nundial taluq; but the order was issued too late to be carried into effect in the week under report. The highest and lowest rates of wages to a male adult under each of the two scales of task work prescribed are as follows in each taluq:

| Taluqs.           | Scale I.     |              | Scale II.    |              |
|-------------------|--------------|--------------|--------------|--------------|
|                   | High-est.    | Lowest.      | High-est.    | Lowest.      |
| Ramalkota .....   | A. P.<br>2 1 | A. P.<br>2 0 | A. P.<br>1 7 | A. P.<br>1 7 |
| Nandikotkur ..... | ...          | ...          | 1 8          | 1 8          |
| Pattikonda .....  | 2 2          | 2 0          | 1 7          | 1 7          |
| Koilkuntla .....  | 2 2          | 2 2          | ...          | ...          |
| Nandial .....     | 1 11         | 1 11         | 1 5          | 1 5          |
| Sirwell .....     | ...          | ...          | 1 7          | 1 7          |
| Cumbum .....      | ...          | ...          | 1 6          | 1 5          |
| Markapur .....    | ...          | ...          | 1 5          | 1 3          |

10. In the Pattikonda taluq two different rates of the higher scale of wages appears to have been paid during the week. Mr. Clogstoun has been called upon to explain.

11. *Gratuitous Relief.*—The taluq totals compare as follows with those entered in last week's report.

| Taluqs.           | 26th May. | 2nd June. | Difference. |
|-------------------|-----------|-----------|-------------|
| Ramalkota .....   | 10,970    | 10,789    | — 181       |
| Nandikotkur ..... | 7,204     | 5,546     | — 1,658     |
| Pattikonda .....  | 6,858     | 6,668     | — 190       |
| Koilkuntla .....  | 7,474     | 7,408     | — 66        |
| Nandial .....     | 8,588     | 8,860     | + 272       |
| Sirwell .....     | 5,209     | 5,423     | + 214       |
| Cumbum .....      | 13,787    | 13,344    | — 443       |
| Markapur .....    | 2,396     | 2,573     | + 177       |
| Total .....       | 62,486    | 60,611    | — 1,875     |

12. The decrease of 1,875 is the net result of an increase of 110 in numbers fed in camps

fell while

and relief houses and a decrease of 1,067 under village relief and 918 under children receiving 3 pies per head.

13. There were 34 camps and relief houses at which 6,716 were being fed, village relief was given to 4,614 persons in 516 villages out of 753 which have been divided into 26 inspection circles. The total number of children receiving the special allowance of 3 pies per head was 19,281.

14. The following statement shows the distribution as to class of the persons in relief camps and in villages so far as reported:—

| Class.        | In Camps. |           | In Villages. |           |
|---------------|-----------|-----------|--------------|-----------|
|               | No.       | Per cent. | No.          | Per cent. |
| Men.....      | 1,517     | 23        | 1,190        | 25        |
| Women.....    | 2,581     | 38        | 1,572        | 34        |
| Children..... | 2,618     | 39        | 1,902        | 41        |
| Total.....    | 6,716     | 100       | 4,614        | 100       |

The deaths in camps and relief houses are reported to have been 50 among recipients of village relief 70 and among children receiving 3 pies per head 62.

15. The following statement shows the total numbers on the hands of Government in each taluq and the proportion which the numbers bear to the population.

| Taluqs.          | Population as per census of 1871. | Numbers.      |                    |         | Per cent of population. |
|------------------|-----------------------------------|---------------|--------------------|---------|-------------------------|
|                  |                                   | Relief works. | Gratuities relief. | Total.  |                         |
| Ramalkota.....   | 147,552                           | 30,345        | 10,783             | 41,134  | 28                      |
| Nandibutkur..... | 103,753                           | 23,368        | 5,546              | 28,904  | 29                      |
| Pattikonda.....  | 173,118                           | 32,753        | 6,808              | 39,421  | 17                      |
| Koilkuntla.....  | 99,424                            | 27,400        | 7,423              | 34,874  | 35                      |
| Nandial.....     | 106,454                           | 26,994        | 8,860              | 35,854  | 33                      |
| Sirwell.....     | 73,179                            | 23,239        | 5,423              | 28,712  | 39                      |
| Onyburn.....     | 124,463                           | 12,804        | 13,344             | 26,148  | 46                      |
| Markapur.....    | 92,665                            | 8,199         | 2,573              | 10,772  | 11                      |
| Total.....       | 919,623                           | 205,208       | 60,611             | 265,819 | 29                      |

16. In column 2 of the above statement is not included, the population of the Banganpally Jaghire, the people of which are freely admitted into our works in the Koilkuntla taluq owing to the inability of the Nabob to provide employment for his distressed subjects at his own expense. This circumstance makes the percentage of population in the Koilkuntla taluq on the hands of Government appear larger than it really is.

17. The Nabob of Banganpally though unable to open any relief works has started a relief house in his Cusbah town where he feeds a large number of distressed persons. The number so fed by him during the whole of last week was 11,223 which gives a daily average of 1,603. The expenditure incurred on this account during the week is reported to be Rs. 1,360.

18. The following table shows the numbers that emigrated to the Nellore canal during the week under report and up to the end of the week as far as information is available.

|                             | Men.  | Women. | Children above 7. | Children below 7. | Total. |
|-----------------------------|-------|--------|-------------------|-------------------|--------|
| In the week.....            | 880   | 634    | 377               | 193               | 2,084  |
| To the end of the week..... | 8,177 | 6,387  | 3,680             | 2,457             | 20,701 |

The figures inserted against the item "in the week" include a large number that emigrated in the previous week but not then reported owing to non-receipt of the information.

19. The following table shows the number of cattle fed with prickly pear on the last day of the week and the expenditure on that account in the town of Kurnool.

| Number of cattle fed. | Expenditure in the week. |    |    | Expenditure to the end of the week. |    |    |
|-----------------------|--------------------------|----|----|-------------------------------------|----|----|
|                       | Rs.                      | A. | P. | Rs.                                 | A. | P. |
| 27                    | 23                       | 5  | 0  | 439                                 | 13 | 11 |

The prospects of the cattle having improved, the owners have taken back several animals.

20. The establishment returns will follow and the usual Taluqwar abstracts are herewith submitted.

Enclosures 2.

Submitting to Government letter from the Collector of Kurnool, offering explanatory remarks on Relief Reports and Return of Prices and Rainfall, for the week ending 2nd June 1877.

Lawrence Asylum Press—1877.

Kurnool No. 3098  
Revenue Department  
Proceedings of the Board of Revenue  
dated 29th June 1877.  
Read the following

No. 583  
7004 From  
The Ag. Collector Kurnool

To  
The Secretary to the  
Board of Revenue  
Madras.  
Sir

The usual Relief reports and the return of Prices and Rainfall for the week ending 2nd June 1877 having been already submitted I have the honor to make the following explanatory remarks with reference to the same.

2. Statement No. E. On the whole prices are nearly stationary as

| Grain   | 26 May | 2nd June | Stationary as shown in the Margin. |
|---------|--------|----------|------------------------------------|
| Rice    | 6.92   | 6.95     | In Cumbum                          |
| Cholum  | 7.86   | 8.06     | Rice & Cholum fell while           |
| Ragi    | 9.51   | 9.51     |                                    |
| Cumboo  | 9.19   | 8.92     |                                    |
| Wheat   | 6.55   | 6.62     |                                    |
| Pongram | 8.32   | 8.10     |                                    |

Cumbar rose slightly Ragi fell in Korkkuntla while wheat fell in Patekonda and Kundial.

3. There were a few light and partial showers during the week.

4. For Taluqs of the District averaging to .14 inch; the fall nowhere exceeding .17 inch.

4. The number of works sanctioned for execution, those in progress & completed during the week are shown in the annexed table.

| Taluqs      | no of works sanctioned | no of works in progress | no of works completed |
|-------------|------------------------|-------------------------|-----------------------|
| Ramalkota   | 52                     | 11                      | "                     |
| Kandikottur | 44                     | 3                       | "                     |
| Patekonda   | 72                     | 11                      | "                     |
| Korkkuntla  | 12                     | 6                       | "                     |
| Kundial     | 31                     | 6                       | "                     |
| Sirwell     | 30                     | 5                       | "                     |
| Cumbum      | 37                     | 9                       | "                     |
| Markapur    | 22                     | 5                       | "                     |
| Total       | 300                    | 56                      | "                     |

5. The decrease in the number of works in progress is due to the

stoppage of work on unimportant Roads and the concentration of labour on Trunk Roads, the most important of the New roads and Irrigation works.

6. The grants up to 2nd June for works in the District amounted to Rs 462/000. The outlay on works during the week under report was Rs 117931 against Rs 116781 in the previous week. The increase is very slight & calls for no remark. The total outlay on works since the commencement of distress amounts to Rs 41,16,626.

7. The numbers for the Taluqs are compared below:

| Taluqs      | 26th May | 2nd June | Difference |
|-------------|----------|----------|------------|
| Ramalkota   | 31230    | 30345    | -885       |
| Kandikottur | 23498    | 23358    | -135       |
| Patekonda   | 22487    | 22753    | +266       |
| Korkkuntla  | 26797    | 27466    | +669       |
| Kundial     | 27006    | 26994    | -12        |
| Sirwell     | 23019    | 23289    | +270       |
| Cumbum      | 46337    | 42804    | -3533      |
| Markapur    | 7467     | 8199     | +732       |
| Total       | 207836   | 205208   | -2628      |

8. The decrease which occurs mainly in Cumbum is nominal and is due to defective return. The small decrease in Ramal Koda is ascribed to the return of coolies to their homes to commence agricultural operations after the recent rains and the increase in Koilkuntla to the return to work of coolies who had left them for the like reason. The numbers in other Taluqs are almost stationary.

9. The lower rates of wages prescribed in G.O. of the 31st January were enforced in all the Taluqs except Ramal Koda, Pattikonda and Koilkuntla where the higher rate was introduced generally in accordance with G.O. 22nd May 1888. Mr. Gibson has reported that he directed on the 30th May the introduction generally of the marginal rates in the Mundial Taluq, but the order was issued too late to be carried into effect in the week under report. The highest & lowest rates of wages to a male adult under each

man 2-1  
Woman 1-7  
child 1-1

of the two Scales of task work prescribed are as follows given  
Talug

| Taluqs      | Scale I |         | Scale II |         |
|-------------|---------|---------|----------|---------|
|             | Highest | lowest  | Highest  | lowest  |
| Ramal Koda  | a. 2-1  | a. 2-0  | a. 1-7   | a. 1-1  |
| Hand Kottan | " " " " | " " " " | 1-8      | 1-8     |
| Pattikonda  | 2-2     | 2-2     | 1-7      | 1-7     |
| Koilkuntla  | 2-2     | 2-2     | " " " "  | " " " " |
| Mundial     | 1-11    | 1-11    | 1-5      | 1-5     |
| Sirwell     | " " " " | " " " " | 1-7      | 1-7     |
| Cumbum      | " " " " | " " " " | 1-6      | 1-5     |
| Mar Kapur   | " " " " | " " " " | 1-5      | 1-5     |

10. In the Pattikonda Taluq, 2 different rates of the Higher Scale of wages appears to have been paid during the week. Mr. Clogston has been called upon to explain.

11. Gratifications  
Relief. The Taluq totals compare as follows with those entered in last week's report.

Report.

| Talugo      | 26 <sup>th</sup> May | 2 <sup>nd</sup> June | Difference |
|-------------|----------------------|----------------------|------------|
| Ramalkota   | 10970                | 10789                | -181       |
| Handikotkur | 7204                 | 5346                 | -1658      |
| Pattikonda  | 6858                 | 6668                 | -190       |
| Korkkumla   | 7474                 | 7408                 | -66        |
| Nundial     | 8588                 | 8860                 | +272       |
| Sirwell     | 5209                 | 5423                 | +214       |
| Cumbum      | 13787                | 13344                | -443       |
| Markapur    | 2396                 | 2573                 | +177       |
| Total       | 62486                | 60611                | -1875      |

12. The decrease of 1875 is the net result of an increase of 110 in numbers fed in Camps and Relief houses & a decrease of 1067 in Village Relief & 918 under children receiving 3 pice per head.

13. There were 34 Camps and Relief houses at which 6716 were being fed, village relief was given to 4614 persons in 516 villages out of 753 which have been divided into 26 inspection circles. The total number of children receiving the special allowance of 3 pice per head was 49281.

14. The following statement shows the distribution as to class of the persons in relief camps & in villages so far as reported.

| Class    | In Camps In Villages |          |      |          |
|----------|----------------------|----------|------|----------|
|          | No.                  | Per Cent | No.  | Per Cent |
| Men      | 1517                 | 23       | 1140 | 25       |
| Women    | 2581                 | 38       | 1572 | 34       |
| Children | 2618                 | 39       | 1902 | 41       |
| Total    | 6716                 | 100      | 4614 | 100      |

The deaths in Camps and Relief houses are reported to have been 50. Among recipients of Village relief 70 & among those receiving 3 pice per head 15.

15. The following statement shows the total numbers on the hands of Govt. in each Talugo & the proportion which the numbers bear to population.

| Talugo      | Population as per census 1881 | Relief Camps | Proportion of Relief | Total  | Per Cent of Population |
|-------------|-------------------------------|--------------|----------------------|--------|------------------------|
| Ramalkota   | 147552                        | 30345        | 10787                | 41132  | 28                     |

| Pattikonda  | 173118                        | 22753        | 6668                 | 29421  | 17                     |
| Korkkumla   | 99424                         | 27466        | 7408                 | 34874  | 35                     |
| Nundial     | 106454                        | 26994        | 8860                 | 35854  | 33                     |
| Sirwell     | 72179                         | 23289        | 5423                 | 28712  | 39                     |
| Cumbum      | 124453                        | 42804        | 13344                | 56148  | 45                     |
| Markapur    | 92665                         | 8199         | 2573                 | 10772  | 11                     |
| Total       | 919628                        | 205208       | 60611                | 265819 | 29                     |

16. In Column 2 of the a/c Statement is not included the population of the Banaganally Saphire the people of which are freely admitted onto our works in the Koilkumbh Taluq. Owing to the inability of our manager to provide employment for his distressed subjects at his own expense this circumstance makes the percentage of population of Koilkumbh appear larger than it really is.

17. The Nabob of Banganally though unable to open any relief works has started a relief house in his Cusbah Town where he feeds a large number of distressed persons. The number so fed by him during the whole of last week was 11223 which gives a daily average of 1603. The expenditure incurred on this account

account during the week of report to be Rs 1360.

18. The following table shows the numbers that emigrated to the Nallan Canal during the week under report & up to the end of the week as far as information is available.

|                        | Men  | Women | Children above 7 yrs | Children under 7 yrs | Total |
|------------------------|------|-------|----------------------|----------------------|-------|
| In the week            | 880  | 634   | 377                  | 193                  | 2084  |
| To the end of the week | 8177 | 6387  | 3680                 | 2457                 | 20701 |

The figures inserted against the item "in the week" include a large number that emigrated in the previous week but not then reported owing to a receipt of the information.

19. The following table shows the number of Cattle fed with prickly pear on the last day of the week & the expenditure on that account in the town of Kurnool.

| No of cattle fed | Expenditure in the week |     |    | Expenditure to the end of the week |     |    |
|------------------|-------------------------|-----|----|------------------------------------|-----|----|
|                  | Rs.                     | As. | P. | Rs.                                | As. | P. |
| 27               | 23                      | 5   | 0  | 439                                | 13  | 11 |

The prospects of the cattle having improved, the owners have taken back several animals.

20. The Establishment return + + will  
the usual Taluqwar Abstracts  
are herewith submitted.
