TAMIL NADU ARCHIVES

GOVERNMENT OF TAMIL NADU

Revenue DEPARTMENT

G.O. No.	396A	Press
B.P. No.		Mis.
Dated	29. 1. 1877	197

Not to be folded or roughly handled

*Proceedings of the Madras Government, Revenue Department,
29th January 1877.*

No. 807-A.. Read the following letter from Major F. J. HICKS, Government Grain Agent, to J. H. GARSTIN, Esq., Additional Secretary to Government, Revenue Department, dated Bellary, 26th January 1877, No. 141:—

With reference to your letter, dated 23rd instant, I have the honor to forward, herewith, statements prepared to show all the information that you require.

Your Queries 1, 2, and 3.—Statement No. 1 shows the receipts at each Railway depôt where the Government rice is stored, and the issues made to the taluqs from the commencement of operations up to the 20th January. The issues were, I believe, meant for payment of grain wages and gratuitous relief.

Query 4.—I have to deal directly with the Railway depôts only. I enclose,

however, a Statement* showing the
* No 2. taluq depôts proposed to be established

by the District Officers, together with the monthly requirements of each.

Query 5.—Statement No. 3 shows in a tabular form the substance of the contracts made for the carriage of grain.

Query 6.—Statement No. 4 shows the balance in stock at each Railway depôt and the monthly demand made on each. It would appear that the present stock is quite inadequate to meet the demand as shown in column 3.

I forward also a statement showing the taluqs and stations for which indents have been passed, carriage being found by local officers, and another showing the issues to each place.

To facilitate calculations, fourteen bags are taken to make one ton.

No. 1.—

STATEMENT showing the transactions at each Railway Depôt from the commencement of operations up to 20th January 1877.

Railway Depôt.	Receipts, Bags of 164 lbs.	Issues, Bags of 164 lbs.	Balance, Bags of 164 lbs.	REMARKS.

Rev 5
2.57/177

I have to deal directly with the railway
depots only. I enclose however a statement
showing the taluk depots proposed to be
established by the District officers, together

with the monthly requirements of each.

Statement no 3 shews in a tabular form every 5.
the substance of the contracts made for
the carriage of grain.

Statement no 4 shews the balance in every 6.
stock at each railway depot and the monthly
demand made on each. It would appear
that the present stock is quite inadequate
to meet the demand as shewn in col 3.

I forward also a statement shewing
the takeups and stations for which indent
have been passed, carriage being found
by local officers, and another shewing
the issues to each place.

To facilitate calculations 14 bags are
taken to make one ton.

I have the honour to be
sir

your most obedient servant

J. Hicks

Government Grain Agent.
