 ing on part of the Villor Road
 where the spreading of metal has
 lately been taken up and the re-
 sults were as follows:-

2. This shows a decided improvement in the condition of the coolies, but I must mention that it is owing to the very weak and infirm being sent off to their villages to receive gratuitous relief.

3. These coolies had been paid in grain plus the money allowance under Section.

4. I have again no report from Mr. Gordon who has been giving his attention to directing the new work of making up the road to the north of Ponnammilla.
