Sir, I have the honor to forward for sanction an estimate amounting to Rs 915 Rupees for the construction of drains in the Town of Mundvie. At an early stage of the Famine the repair of the streets of the Town was neglected & great improvement has been effected so far as facilities for communication are concerned. On the other hand the raising of

of the proed-pcaps had considerably impeded the drainage, as the streets which formerly served the double purpose of Causeways and aqueducts are no longer of any use as drains. It is now proposed to complete the work which has been begun by constructing culverts at suitable points and paving the side drains.

Sir, I have the honor to forward for sanction an estimate amounting to Rupees 3660 for the construction of drains in the town of Nandial. The necessity for the work is fully explained in the enclosed copy of Letter from Mr Gibson. The estimate, as originally submitted by Mr Gibson amounted to Rs: 4915 but as I considered the rates too

too high I have had a
revised one prepared by
the District Engineer.
