From

The Collector

of Salem

To

The Secretary to the

Board of Revenue

Madras.

Sir

I have the honor to enclose
an estimate for Rupees 3320 for
repair of the Moroor-Chukli Yeri
Tank in the Salem Taluk and to
request that the Board of Revenue
will

will be good enough to return it with
their approval and sanction. A sum of
Rupees 1840 was allotted for an
estimate for earthwork of the tank,
and no provision was made in it
for the stone work. The villagers
having subsequently petitioned for it,
and the D.P. W. Range Officer, who
was deputed by the District Engineer
to inspect the tank, having reported
that the stone work was necessary
for the safety of the tank, which
was in danger of breaching the
existing revetment having in many
places given way, a revised estimate
was prepared and submitted by
the District Engineer for a thorough
repair

repair of the tank and to bring
revetment up to the maximum water
level. The work is a very useful one
for Relief purposes, and distress is
severe in the neighbourhood ^{4/10/77}
