No 7688

A. Wedderburn Esquire

Collector of Combarion

To

H. E. Stokes Esquire

Secretary to the

Board of Revenue

Madras

Sir,

In reply to Proceedings of
the Board of Revenue dated

29 June 1877, I have the honor

to state that the rate of crea-

-tion of the large square

will at R as P per cubic yard

was not so excessive, as a

large

large portion had to be blasted
2. The stone material excavated
was entirely utilized in acust-
-ments, and in road metal,
and was obtained at the
most convenient place.

3. Mr. Barnett explains that
"when this material is charged
for, one half or more of the
expenditure will be recovered."

4. The work itself will be of
great service to the public,
being close to a much
frequented high road.
