No. 76 Read the following Proceedings of the Board of Revenue, dated 27th December 1876.

Read the following letter from H G TURNER, Esq., Acting Postmaster-General, to H. E. STOKES, Esq., Acting Secretary to the Board of Revenue, dated Madras, 22nd December 1876; Nos. 483-10 and 2.

I HAVE the honor, in reply to paragraph 3 of Board's Proceedings, dated 14th December 1876, to append a statement which shows the estimated savings with more precision. I am enabled to do this, as I have the actual expenditure over eight months of the current year as contrasted with the information as to four months only, which is to be found in the Board's Office.

2 It will be seen that the total expenditure for the year in the districts under my control is estimated to be Rs 77,793-9-10 as against the Rs 75,794 estimated by the Board.

3 In the districts not under my control I accept the figures of the Board as I have no returns.

4 The Item F is not shown in the Board's letter as the Collectors have represented certain establishments to have been definitely taken over by the Imperial Department, whereas they are still in the experimental stage. If the Director-General does not sanction them, they must be thrown back on the district post for support, and hence it is necessary to keep an open balance to provide for such a contingency.

5. There will, therefore, be a balance of Rs. 5,747-3-7 available for affording relief on account of famine.

6 In the margin is a statement showing what will be required to afford relief per month (commencing from 1st November 1876) in the four districts of Bellary, Cuddapah, Kurnool, and Nellore; and I request that the Board will instruct the Collectors to pass the special bills on them to this extent. This for four months will amount to Rs 2,456 leaving a balance of Rs 3,291-3-7 for extension to other districts if necessary.

7. The item of floating balance will be, it is hoped, released as time goes on, and this will be also held in reserve for famine contingencies.

SUBMITTED to Government with reference to G O, dated 27th November 1876, No 1,810

2 From the statement furnished by the Postmaster-General it appears that the probable savings out of the District Postal grant for the current year will amount to Rs 5,747, and that a monthly sum of Rs 614 is required to afford to district postal employes, drawing Rs 10 and less, the same relief as has been granted to Government servants on the Revenue Establishments in Bellary, Cuddapah, Kurnool, and Nellore. The Board recommend that the special allowance of Rs 2 per mensem be sanctioned from 1st November. There will still remain a balance for extension of relief if necessary. From recent instructions, however, it appears that the order of Government directing that such special allowances should be debited to the source from which the establishments are paid was intended to apply only to Local and Special Funds.

Submitted to Government
with reference to G.O. Dated
27 November 1885 No 1819
2. From the Statement
furnished by the Postmaster
General it appears that the
probable savings out of the
District Postal Grant for
the current year will amount
to Rupees 5749 and that a
monthly sum of Rupees 614
is required to afford to district
postal employees drawing Ru-
pees 10 and less the same relief
as has been granted to Govern-
ment servants on the Revenue
establishments in Bellary,
Chitaldurg, Kurnool and
Vellore. The Board recom-
mend that the special al-
lowance of Rupees 2 per
month be sanctioned
from

from November 1st there
will still remain a balance
for extension of relief if neces-
sary. From recent experi-
ence, however, it appears
that the order of Government
directing that such special
allowances should be debited
to the source from which the
establishments are paid
was intended to apply only
to Local and Special funds.
