Tenders for the supply of 2nd sort rice to Relief Camps.

Notice is hereby given that Tenders for the supply of 300 tons of 2nd sort rice for the use of the Relief Camps noted in the margin to be delivered as indicated in para. 7 at the Collector's Office, Nellore, within the next three months, and Tenders for a further amount of 300 Tons of 2nd sort rice to be delivered, within the same period as above, at the Relief Camps at Naidupett and Sullurpett will be received by the Treasury Deputy Collector at the Collector's Office until 2 p.m., on Monday the 6th August 1877.

2. The number of Seers of 80 tolas per Rupee at which rice will be delivered according to sample at the places above named should be distinctly specified in the several Tenders. This must include the cost of the gunny bags containing the rice.

3. Samples of rice and a deposit of Rs. 100 must accompany each Tender. The deposit will be forfeited if the Contract Bond be not executed within (5) five days after the acceptance of the Tender.

4. Security to the amount of Rs. 500 will have to be deposited with the Collector at the time of signing the Contract Bond, a copy of which will be given to the Contractor at the time of execution.

5. The Stamp and Registration charges must be borne by the successful Tenderer.

6. The contract must not be sub let.

7. Supplies of rice will be made upon indents submitted by Tahsildars or Deputy Tahsildars of the Taluqs or Divisions wherein the Camps are situated and countersigned by the Treasury Deputy Collector in the case of the Naidupett Camps and by the Naidupett Deputy Collector in the case of Naidupett and Sullurpett Camps. The rice is to be delivered to the Treasury Deputy Collector, at the Huzur, in cases where in indents are countersigned by him and to Officers appointed in that behalf by the Deputy Collector of Naidupett in the case of the Naidupett and Sullurpett Camps, within 4 days after the indent has been sent to the Contractor. The cost of carrying the rice to the Huzur or to the Camps at Naidupett and Sullurpett as well as measuring &c., charges will be borne by the contractor.

8. An estimate of the probable requirements of the afore-said Camps is noted in the margin.

J. H. Garstin Esq^r
Ad^r of Secy to Government

Sir I submit for the information
of your Government an advertisement
calling for the supply of 600 Tons of Rice
for Relief Camps.

2 To save time & make sure that it would
appear in the next Fort Saint George
Gazette (with the permission of Government)
a copy of the agreement was sent to
the Superintendent of the Press by Express
Post. I will take care that it is properly
circulated here.

3 The number at the Relief Fund - &
the difficulty of obtaining rice in the

Local Markets are increasing very rapidly.
From the Advertisement (Para 8) you will
see that the camp therein named will
their present numbers consumed 85 Tons
of rice a week. It may be looked up on
as certain that the numbers at the rice camps
will increase, & that other camps also,
such as those at Kavali & Puthanji,
now dependent on local markets will apply
to me for rice.

4. Accordingly, I do not expect that
the boats which I now want will last
more than two months.

5. It is of course a question for consideration
whether prices & stocks are likely to rise
or fall during these two months. From the
information available here, I expect no
fall in prices and I think it possible
that stocks may diminish.

6. There are two reasons why it is difficult

Local Markets are increasing very rapidly.
