N^o 136

From C. F. Mac Cartie Esquire
Special Ass^t Collector of
Cuddapah

To J. F. Price Esquire
Acting Collector of Cuddapah

Sir,

I have the honor to submit the
following report on the Condition of the
Cuddapah Sundry Relief Coolies for the
fortnight ending 6th July 1877.

The following parties were examined—

By me.

Erraguntla Road 1st Section.

Sex	Total	Good	Fair	Indiffer ^t -ent	Bad	Remarks
Men	117	62	24	28	3	No material
Women	120	52	23	37	8	change since last
Children	60	37	8	14	1	inspection.
Total	297	151	55	79	12	12/2 C. F. M.
				Average per cent	Average per cent	
				26 1/2	4	

The

The rest of the was inspected and classed by Mr. Tra during my absence at Pulair.

As the new classification which he has picked up from Dr. MacKally appears to me to be imperfect in leaving no place for the rather numerous class, who appear pretty well to the eye but whose tissues, instead of being firm, feel to the touch as if turning to water, which is evidently a sign of ill-health, I have requested him to add a column for "indifferents" as such people cannot be classed as thin or emaciated, since they look positively fat in many cases while on the other

other hand they are equally out of place among the class "Fair" which is inclusive of Good.

Name of work	Sex	Total	Fair	Thin	Emaciated	Remarks.
1. Kajapett and Kamalapur Road	Men	217	162	50	3	These gangs are in fair condition /s/ C. F. M.
	Women	438	318	104	16	
	Children	83	53	28	2	
	Total	738	535	182	21	3. ^{Quincy percent 72 1/2} ^{average percent 24 1/2}
Eranganthla Road 2 nd Section	Men	150	121	28	1	The average is much the same as when last inspected. /s/ C. F. M.
	Women	199	15	43	6	
	Children	77	58	16	3	
	Total	426	329	77	10	2 1/4
Dr. 3 rd Section under Mr. Griffiths	Men	124	96	26	2	These are fresh coolies reported to be low. Mr. Griffiths reporting that numbers classed as fair only just touched that state. They will be carefully watched and visited by me as soon as I can move. /s/ C. F. M.
	Women	129	97	24	8	
	Children	25	18	6	1	
	Total	278	211	56	11	4 1/2
Chintakomman - dium Road	Men	218	135	71	12	The women & children are said to be falling off since last inspected by me. The average of indifferent and bad were then 21 and 3 respectively. /s/ C. F. M.
	Women	325	192	104	23	
	Children	90	52	33	5	
	Total	633	385	208	40	6 1/2
Guovalacheruvu Road	Men	180	150	27	3	The women here raise the average of the last class as there are a number of old people who appear emaciated but have been working for 6 months. They will now be sent to Village Relief. The men are very fair. /s/ C. F. M.
	Women	276	185	70	21	
	Children	"	"	"	"	
	Total	456	335	97	24	5 1/4

Cuddapah Special Asst.
Collr's Office, 13th July 1877.

I have seen
Mr. MacCartie
Asst. Collector.

1 True Copy,

No. 1936 Extra.

Submitted for the information
of the Board of Revenue.

2. Mr. MacCartie has been con-
fined to the house for some days by
illness and Mr. Travers has had to
do the major part of the inspections.

3. Dr. MacKally's Classification
is not sufficiently detailed for our
purposes.

4. As far as can be gathered
from Mr. MacCartie's remarks upon
the Cookies seen by him and upon
the report of Mr. Travers, it would
appear that no perceptible improvement

in the collection is observable.
5. They were before the rates were
raised, go. too far to allow of
rapid recovery.

Cuddapah Collector's Office
Camp Vepulabailu in the
Volk and Taluk, 16th July 1877.

(Signed) J. F. Price
Acting Collector.

Submitted for the information
