GOVERNMENT OF MADRAS.
MILITARY DEPARTMENT.

1st August 1877, No. 4372.

Commissariat—Supplies.

Read the following paper:—

No. 4. From Colonel J. LOUDON, Commissary-General, to Colonel J. MICHAEL, C.S.I., Secretary to Government, Military Department, Fort St. George; dated Madras, 21st July 1877, No. 3151.

I have the honor to forward the correspondence as per margin, relative to an application from Bunselaul Abeerchund Bahadur to have certain railway carriage provided for the conveyance of grain for the use of the troops at different stations, for the supply of which he is contractor.

this department should, after satisfying themselves that similar applications are *bona fide* for Government service, be authorized to arrange for the necessary carriage at the expense of the contractor, as in the case of the despatch of gram to the Depot at Oosoor from Madras above referred to.

No. 5. ORDER THEREON, 1st August 1877, No. 4372.

The Order of 23rd May 1877, No. 3033, applied to grain at Madras intended for the Remount Depot at Oosoor. His Grace the Governor in Council extends it to all grain supplies to be sent from Madras for *bona fide* delivery to Government Stores for use of troops up-country.

2. The Governor in Council cannot pass any order with reference to furnishing wagons by the Great Indian Peninsular Railway for grain at stations on that line; but, of course, if the contractor fails, supplies must be obtained at his expense.

3. There is very little probability of the wheat referred to being speedily carried through to Bangalore or Madras.

4. The Commissariat should give prompt attention at once to the state of their supplies at the different stations, and to making good any deficiency by local purchase while the grain required is still obtainable. If Messrs. Arbuthnot and Co. have any Government wheat on hand, it may be made available for Commissariat purposes,—if the Revenue (Famine) Department raises no objection.

REMARKS.

With the exception of the 20 Victims of cholera
the whole of the deaths were caused by
diseases, brought on by Famine.

In my opinion the people in this camp have been improving in condition since the commencement and I have not observed that the change of diet has made any material alterations.
