Irrigation.
Account.

Read the following papers:—

No. 145. From Major J. BEATTY, R.E., Officiating Superintending Engineer, Godavery, to the Chief Engineer for Irrigation, dated Dowlaishweram, 16th February 1877, No. 3,297.

I HAVE the honor to forward herewith a comparative statement showing the difference between the original and revised estimates for "rest-houses" provided in the completion project of the Eastern Delta, and to request you will be good enough to obtain the sanction of Government to the same.

2. It will be observed that the excess on this item of the project is Rs. 283, exclusive of the sum of Rupees 3,000 sanctioned in G.O. No. 2,416 of 14th October 1872 for the rest-house at Dowlaishweram.

No. 145-A.

Note by the Chief Engineer for Irrigation.

ITEM 10. of the sanction accorded* by the Government of India to the estimates for improving the system of irrigation and navigation in the Eastern Delta Godavery, is "Rest-houses Rupees 10,000."

The number of the houses to be built was left for subsequent decision which fixed* it at four. In G.O., No. 2,416, dated 14th October 1872, a fifth was sanctioned at an estimated cost of Rupees 3,000, and the Superintending Engineer now forwards a statement showing that the total cost of all five will be Rupees 13,285. For only one other of the items of the Government of India's sanction above noted has a complete revised estimate been submitted, viz., Item 4, Mundapett Canal. The saving on that item is Rupees 27,780. Compared with this the increase now reported is slight, and it is recommended that it be sanctioned. This will leave the net recorded savings on the two revised estimates (Items 4 and 10 of the Government of India sanction) Rupees 24,495.
