Nellore

Revenue Department.

No. 3499.

Proceeding of the Board of Revenue.

Dated 26th July 1877.

Read the following

Board's
G. R. No.

8135.

No. 3470.

From.

J. Grose Esqre.

Collector of Nellore.

To

C. S. Galson Esqre.

Acting Secretary to the Board
of Revenue, Madras.

Sir.

With reference to the Relief
Returns forwarded yesterday, I have
the honor to explain, as far as I can,
fluctuations in the number employed
on Relief Works and fed at Relief
camps. I may observe that as the
returns can only be got ready by dint
of great labour, late on Tuesday,
it

it will always be impossible for me to submit this explanation till the day afterwards.

I Relief Works

There would have been an increase on the whole caused by increasing distress but for certain exceptional causes.

Kavali and Tidagiri

As has been stated in my fortnightly Narrative for the fortnight ending 23rd June, Mr. Cole and I inspected these Taluqs and the coolies employed on Relief Works in them very carefully in the latter part of June. We found that the existing distress was not such as to justify the large numbers

employed on Relief Works, and most of the coolies were not fit subjects for Relief. The orders issued in consequence have caused a great reduction. In Kavali, moreover, a large work employing 1500 was after due consideration handed over to the Public Works Department for execution as an ordinary work.

It should be remembered that in Nellore 1568 and in Kavagiri 795 coolies are employed on Relief Works managed by the Department Public Works and do not appear in these returns.

No report has been received from Darsi.

II. Graduitous Relief

The numbers on this form of Relief have also increased (generally) in consequence of increasing distress, but there has been a great decrease in Allur and Tulerpett, because works have been opened in the neighbourhood and an effort is being made to get some of the frequenters of the camps to resort to them.

The increase at Degapudi is large, but I cannot explain it. I will make the requisite enquiries.

The increase at Kandukur is in great part nominal, no report having been received for the week ending the 7th.

No report has been received from Darsi.

Nellore }
Collector's Office }
18th July 1877 }
Thainse.
(S) J. Grose.
Collector.

The enclosure to the collector's letter is merely a duplicate copy of the statement of graduitous relief for the week ending 14th July. What is wanted is a comparative statement showing numbers on works & in receipt of each form of graduitous relief as compared with the preceding week with a brief explanation of any marked fluctuations calling for explanation. This return was prescribed with the object of diminishing calls

calls for explanation & to enable
the Board to place the information,
which the weekly returns are designed
to supply, before Government in as
complete a shape as possible, but
unless the comparative statement can
be despatched so as to reach the
Board's office by Thursday, it will
not be of much service. The District
returns for the week ending 14th July
was not received in the Board's office
till Friday morning when the report
was half written and much incon-
venience was caused thereby; the
present letter was received after the
weekly report had been despatched.
The Board trust that every effort

will

will be made to secure that the
returns shall reach their office on
Thursday at latest, as the posting
of the figures for all the distressed
district involves great labor & the
Board's review is due in the Government
office on Friday evening. The non-
receipt of the returns from any one
district delays the completion of the
general statements which have
to be compiled & the preparation of the
report as the figures cannot be totalled.

(True Copy & Encl.)

Chatterton
Ag. Secretary.

To

The acting Secretary to Govt. R.O.
with copy of enclosure.
