From

Surgeon J. L. Walker M.D.

• Mr. Gilman Surgeon
Chittenden

To

The by Surgeon Genl.
Ind. Med. Service

Presidency at Dist.

Sir,

With reference to
your memo No 1745 of 6th
March/77, I have the
honor to report on the
physical condition of
the men employed
on the ship works of

this taking.

2. On 13th Inst. I inspected the Coolies, they now number 4182, their condition is on the whole fair; of the total, I examined 235 individually. This number comprised 110 men 58 women, 51 children & 16 infants. Of the 110 men, I found 15 (13.6 per cent) were thin & 16 (14.5 per cent) anemic, none emaciated; the others were in fair condition. Of the 58 women, 5 (8.6 per cent) were thin & 10.3 per cent were anemic.

age & sex
your

in good condition. Of the 51 children 4 (7.8 per cent) were thin & 7 (13.7 per cent) anemic; none emaciated. The others were in good condition. Of the 16 infants 2 were thin & 3 were emaciated. Of the emaciated infants one had lost its mother one was suffering from diarrhoea, while the mother of the third was a thin woman & her secretion of milk was scanty. The rest of the infants were in moderately fair condition.

3. There are now no complaints amongst the Coolies about any of work or

imposition of fines.

4. I am unable to send
my comparative lists of
weights with this report
as those gangs which I pre-
viously weighed are now
working at Chittapara
about 14 miles from here.
On their return I will
have them reweighed.

Chittoor, I have &
26th July/77. (sd) J. L. Walker M.D.
