A letter from the Comptroller-General, No. 293, dated the 26th May 1877, submitting, for decision, whether any, and, if so, what proportion of the charges for Public Works Establishments employed on Famine relief-works should be debited to the Civil Department as Famine expenditure, the Government of Madras having issued an order to the effect that 25 per cent. on the Famine works outlay supervised by Public Works Officers should be deducted from the gross Public Works charge for establishment and be debited as Famine charge.

RESOLUTION.—The Governor-General in Council is pleased to decide that the entire cost of the Public Works establishments actually employed on Famine works shall be charged to these works; but that if, in any case, Famine works are so mixed up with other works that this cannot be done, then, as directed by the Government of Madras, one quarter the outlay supervised shall be charged for Establishments.

2. The whole of this debit should, however, be included in the Public Works Department portion of the cost of the works, when the accounts are eventually adjusted in the manner prescribed in Resolution No. 1,169, dated 14th June 1877.

ORDERED, that this Resolution be communicated to the Public Works Department for information and further orders; to the Governments of Madras and Bombay for information; and to the Comptroller-General and the Accountants-General, Madras and Bombay for information and guidance.
