GOVERNMENT OF MADRAS.
FINANCIAL DEPARTMENT.

20th January 1877, No. 186.

Famine Relief.

Read the following paper:—

No. 240. From F. R. H. SHARP, Esq., Acting Collector of Nellore, to the Chief Secretary to Government, dated Allur, 12th January 1877, Extra No. 58.

I have the honor to request the orders of Government on the points raised by the Sub-Collector in the accompanying letter,*

* No. 31, dated 8th January 1877. viz., whether the charges for transport of grain from one station to another and the cost of storage and guarding are to be added to the prime cost and landing charges for the Government grain now being imported into the sub-division for the coolies on the East Coast Canal, and how the charges for storage and guarding are to be met.

2. In the case of the Iskapilly grain I directed that a charge of one anna per bag should be made in connexion with the charges for storing. I request that your instructions may be communicated direct to the Sub-Collector by telegraph.

ENCLOSURE No. 1.

From T. V. D. HARDINGE, Esq., Acting Sub-Collector of Nellore District, to the Acting Collector of Nellore District, dated Cuddalore, 8th January 1877, No. 31.

Adverting to your foot-note of 28th ultimo on the copy of a telegram from the Chief Secretary to Government under the same date, I have the honor to inquire whether charges for transporting rice from one station to another as well as rent for the godowns where rice has been secured and the guarding charges have to be added to the prime cost of rice in addition to the landing charges as directed in the telegram and your foot-note thereon.

2. In case the godown rent and guarding charges are to be included, some difficulty will be experienced inasmuch as the period for which godowns and peons have to be engaged will have to be determined in the first instance, which, for obvious reasons, cannot be done except, of course, by assuming a given number of months as the period for which the godowns and peons will be required.

No. 241. ORDER THEREON, 20th January 1877, No. 186.

Ordered that the following telegram be despatched to the Sub-Collector at Or gole:—

“Your letter of 8th to Collector.

“Full cost to Government on all accounts must be charged for Government grain supplied on payment to labor contractors.

“Fix reasonable average to cover cost of storing and guarding.”

(True Extract.)
