THE Board are of opinion that the system of camp relief will provide for all who need gratuitous support without distributing food in the villages; this subject is however under the consideration of Government, and orders will be passed immediately.

*Proceedings of the Madras Government, Revenue Department,
1st February 1877.*

2. The Collector will see that it is manifestly impossible to provide each district with 150 Superintendents of Charity to the blind and crippled, and Salem is the only district in which the camp relief is thought insufficient.

3. The Board fear that abuse will follow such a system as the Collector proposes, and would prefer taking no action in the matter until definite instructions are issued by Government.
