Eng. Alan R. C.
In the matter of
y = Chapman of yesterday.
The B.D. reports for the
2 weeks ending June
30th & July 3rd were
6.6 for the first
supplements to the first
of the 17th July - & by an error
in the press the 17th on
the former one was
appended to the latter.
The delay in sending for

copies appear to
have arisen through
the idea that no copies
should be sent in an
unofficial manner
to the Govt. of India - but
again the loss of
P^{ost} which it takes some
time to print.

There seems, however,
that 2 copies of the
Fazilla Supplement be
forwarded to you as soon
as much of the future
of them will be followed
of the report in P^{ost}

in the usual manner

When my dear Sir
yours truly
J. C. Knight

London: J. C. Knight Esq.
