GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

14th August 1877, No. 579 W.

General.

Establishment.

Read the following papers:—

No. 125. Endorsement of the District Engineer, Cuddapah, dated 14th July 1877, No. 889.

From Mr. J. PETTERS, on Special Duty, Famine Relief Works, to Mr. C. SEETON, Range Officer, Cuddapah, dated Jammamadugoo, 6th July 1877, No. 47.

I beg to acknowledge receipt of your No. 246 of the 2nd instant enclosing copy of letter received from Examiner, Public Works Accounts, Madras, and I beg to bring the following facts to your notice:—I have not up to time received any travelling allowance for April and May which the Examiner says has been passed, but I shall by this day's post apply to the Range Officer, Madanapully, for it.

2. I have not received any deputation allowance since joining this Presidency now nearly six months, and how can I be expected to keep a horse and two bandies on the bare travelling allowance allowed to my grade without any Sub-divisional allowance or allowances of any kind to make up the difference. I am obliged to keep a horse and, in addition to the above expenses, I have to make family remittances monthly.

3. Government have supplied me with three tents, one a double fly single pole, one a routee, and the third a necessary tent, which takes up one bandy; then there is an office table, chair, and a record box, and my private kept comprises of three boxes, two chairs, one bed, and cot, &c., which makes up another full bandy. I have been put to the greatest inconvenience imaginable in having to keep up this establishment and not being paid for it up to time, and it is quite impossible for me to manage on 45 Rupees the full travelling allowance allowed to a 1st Grade Overseer, without some other allowance in these dear times.

4. My deputation allowance was charged in the Madanapully Range Office accounts for April, but was disallowed by Examiner of Public Works Accounts pending reference, although the other subordinates who have been sent here by the Government of India have been drawing these allowances; how can I be expected to keep up this establishment and travel about without money. In conclusion, I beg that you will kindly represent this hardship to the proper quarter, as I am hard-pushed for money and would like to be settled up with and draw my pay and allowance regularly. The little money I brought with me from Indore is spent in having to keep up this establishment.
