GOVERNMENT OF MADRAS.
PUBLIC DEPARTMENT.

14th August 1877, No. 1084.

Medical.

Read the following paper:—

No. 50. From Surgeon-General G. SMITH, M.D., Indian Medical Department, to the Chief Secretary to Government, dated Fort St. George, 13th August 1877, No. 505.

In continuation of my letter No. 487 of the 7th instant, I have the honor to report to His Grace the Governor in Council that there are three private medical practitioners in Southern India holding European diplomas, who might be induced to take temporary employment under Government at the present crisis.

2. Of the gentlemen referred to, one is now Surgeon of the passenger ship *Duke of Sutherland*, one has been occupied in accompanying emigrants to the Mauritius, &c., and one is endeavoring to establish a practice in Madras; and the information I have received as to their qualifications and character has so far been favorable.

3. I have therefore to solicit permission, should further inquiries prove satisfactory, to engage the three, if possible, for duty in connection with the larger relief works or camps on a salary each of Rupees (350) three hundred and fifty per mensem and Rupees (50) fifty travelling allowance in full of all demands. I have also to suggest that the term of engagement be for four months, and that the gentlemen be supplied with tents when on duty. It will be observed that the terms now proposed are identical with those sanctioned in G.O., No. 2016, of 16th June 1877, in the case of Dr. Mukerjee of Calcutta.

No. 51. ORDER THEREON, 14th August 1877, No. 1084.

Approved: it being of course understood that the Ship Surgeon referred to is not relinquishing his present duty, in consequence only of the prospect of better emoluments, to the inconvenience of his present employers.
