PUBLIC WORKS DEPARTMENT.

24th August 1877, No. 631 W.

Buildings and Roads.

Civil Works.

Read the following paper:—

No. 226. From Colonel A. S. MOBERLY, R.E., District Engineer, Cuddapah, to the Chief Engineer, Public Works Department, dated Cuddapah, 17th August 1877, No. 1,193.

With reference to G.O. No. 125 IW of the 14th instant, I have the honor to inform you that, on the receipt on 10th May last of G.O. No. 1,360 of 20th April 1877, I immediately called on Range Officers to furnish this office by the 25th May 1877 with lists showing separately the outlay incurred on Agricultural works from Famine Relief Funds for repairs, major works and minor new works up to the end of 1876-77, as I was under the impression that it only referred to works carried out by the Public Works Department. The Sidhout Range Officer reported that there were no works of the kind in his range; the Cuddapah Range Officer sent up two lists, but only referring to one work; and the Madanapally Range Officer said that he was waiting for information from the Sub-Collector.

2. These lists were submitted by me; but returned by the Chief Engineer for Irrigation with a memorandum No. 57 C.D. of 3rd July 1877, stating that every Agricultural work on which Famine Relief Funds had been spent whether by the Public Works Department or Revenue Officers should be included, and it was only on receipt of this memorandum that I became aware of the mistake I had made. I immediately put myself in communication with the Collector.

3. On the 22nd June I received the G.O. No. 259 W of 16th idem calling for a return for works other than irrigation which are being carried out from Famine Relief Funds, and so in my letter of the 7th July to the Collector I entered a paragraph to the effect that a similar return was required for non-agricultural works, as almost all of them were being carried out by the Revenue Department.

4. I trust that this explanation will show Government that I had no idea or intention of throwing on the Collector's office business which should be attended to by my own department. I am well aware that his office has heavy work and it has been my endeavour not to trouble them more than necessary.

No. 227. Order thereon, 24th August 1877, No. 631 W.

Colonel Moberly's explanation is accepted.

(True Extract.)

for Ford Colonel, R.E
Secretary to Government, P.W.D.

To the District Engineer, Cuddapah.
