Revenue Department.

No. 3797.

Proceedings of the Board of Revenue

Dated 15th August 1877.

Read the following.

No. 4476.

From

W. S. Whiteside Esqre

Collector of North Arcot.

To

C. A. Galton Esqre

Offg Secy. to the Board of Revenue

Madras.

Sir,

I have the honor to enclose herein an estimate of Rs 9920 prepared by Lieut Hamilton Assistant Engineer of the Vellore Range and countersigned by the District Engineer for the repair of that portion of the road from Madras to Cuddapah which lies between Kirlambadi and Balapalli in the Chendragiry Taluq. As will be seen from the

* to be retained

the

the Specification annexed to the estimate, the road which is now much out of order, has to repaired and parcelled for a distance of 10½ miles and has further to be raised in many places - These and other items have necessitated the outlay of the large amount provided for in the estimate -

2. As Great Relief Works have to be opened at once in the Chendagherry Taluq in consequence of the South West Monsoon proving a total failure, I request that you will be good enough to obtain the Board's early sanction for the repair of the road in question.

Sir M. Robinson asked me yesterday whether or not he was expected to make up his Road Cabinet & mine I believe / which he appeared in order to complete the Council- boards from Madras & Cuddapah & Bellary. This strikes us as the N. Arcot Sanitarium

5119/5

The Board fear that the line selected is not well adapted for a Relief work - it passes through an unhealthy jungle and is distant from the most thickly populated parts of the district. If work is needed on the Roads leading from Tripatty towards Velastry and Venkatagiri it would be far more convenient to take them in hand.

The Estimate is sanctioned in case of need but the Board trust to the Collector to select more appropriate work if possible.

If we have to continue next year Cantonment Maps Board will be a very valuable assistance to the Railway. We have furnished down to Balapalli and the Chief Engineer under Secretary Superintendent has told me that he thought that Govt. had refused to pay the Photozincographic for the connecting link as the Govt. did not approve of roads alongside the rail. I hope the latter frame the Plans Dawg
