Proceedings of the Madras Government, Revenue Department,  
3rd February 1877.

No. 97. Read the following Proceedings of the Board of Revenue, dated 6th January 1877, No. 45:—

Read the following letter from A. McC. WEBSTER, Esq., Collector of South Canara, to H. E. STOKES, Esq., Acting Secretary to the Board of Revenue, dated Mangalore, 5th December 1876, No. 2,205.

I HAVE the honor to bring to the notice of the Board that extensive kumeri clearings are being carried on in the taluqs of Kasargode and Upperangadi, and large quantities of sandal-wood are reported to have been cut from jungles which, before the passing of the Order of Government, dated 1st October 1874, would have been understood and treated as Government jungles. In the majority of cases the trees are felled from jungles within the Nettikutt (water shed) of wargs, which jungles under the Government Order of 1st October 1874 would be given up to the wargdars.

2. I have the honor, therefore, to request instructions whether the telegram from Government directing the suspension of the execution of the Order of 1874 is to be taken as requiring the prosecution of parties for clearing kumeri or felling timber without the 100 yards Kumaki limit. I trust not, and think that if a claim of proprietary right is set up a prosecution should not be instituted.

SUBMITTED for the orders of Government.
