Irrigation.

Account.

Read the following paper:—

No. 76. From Captain R. R. E. BROCKMAN, R.E., District Engineer, Tanjore, to the Chief Engineer for Irrigation, dated Tanjore, 4th August 1877, No. 1,312.

With reference to G.O., No. 803, dated the 8th March 1877, I have the honor to request that you will be good enough to let me know whether there is any probability of funds being allotted during the current year for constructing regulators for the Codamoorty and Trimulrajen rivers in order that the preparation of materials may be at once set in hand. At such a season as the present when the supply in the Cauvery has been hitherto so insufficient, the want of regulating the supply down the Codamoorty and Moodicondanaur has been more particularly felt.

No. 77. Order thereon, 24th August 1877, No. 250 I.

The Government of India will be requested to communicate their orders on the estimate transmitted for sanction with letter, No. 804, of the 8th March last, as early as may be convenient.
