GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

31st August 1877, No. 270 I.

Irrigation Account.

Read the following paper :—

No. 137 I.

No. 113. *Note by the Chief Engineer for Irrigation.*

No. 1,265, dated 17th July 1877.

The following estimates from the No. I or Wallajah Range are forwarded by the District Engineer, North Arcot, with his letter marginally noted :—

Taluq.	Village.	Work.	Amount.
			Rs.
Chendragherry ...	Kotramungalum	V. Spring channel ...	1,090
Do. ...	Do.	V. Amma do. ...	428
Do. ...	Thimulla	V. Spring do. ...	768
		Total ...	2,286

2. The financial and hydraulic details of the Irrigation works concerned are exhibited in the following statement :—

Thimulla spring channel						..	768	124·5
Total ..	64	716	562	..	..	..	2,286	81·3

In G.O., No. 3,019, dated 23rd October 1874, the clearing of spring channels and ponds generally at Government expense is refused; but in G.O. No. 3,021 of the

same date, sanction is accorded to such work under the exceptional circumstances of the Seroomalthuray* pond, and spring channel having been newly obliterated by the Pooniar flood of 6th May 1874.

* South Arcot District.

The Kotramungalum and Kotramungalum Amma channels for which estimates are now sent are also stated to have been "levelled with the ground surface by the flood of 1874."

The disproportion between the value of, and the estimate for, the Thimulla spring channel is very great.

The estimates may be sanctioned to afford useful employment to famine labor, and the expenditure should be a final charge against famine. The future maintenance of the channels must be undertaken by the ryots interested.

FORT ST. GEORGE,
16th August 1877.

(Signed) G. T. WALCH,
Ag. Dy. Chief Engr. for Irrigation,
for Chief Engineer for Irrigation.

To the Joint Secretary to Government, Public Works Department, Irrigation Branch.
