*Proceedings of the Madras Government, Revenue Department,
5th February 1877.*

No. 121-A. Read the following Proceedings of the Board of Revenue, dated 29th January 1877, No. 352:—

Read the following letter from W. S. WHITESIDE, Esq., Collector of North Arcot, to H. E. STOKES, Esq., Acting Secretary to the Board of Revenue, dated Chittoor, 18th January 1877, No. 34:—

I HAVE the honor to request that you will be good enough to inform me whether the Board of Revenue are prepared to grant remissions of rents of tank-fisheries and topes and gardens this year. These renters, being speculators, have, strictly speaking, no right to claim the indulgence, but it is a fact that the tanks had no water whatever throughout this year, and that it cannot be expected that the fruit trees (especially tamarind and mango) will produce any fruit this year owing to the entire failure of rain—indeed many of the latter are now dying. I beg, therefore, to ask whether, in consideration of these special circumstances, any concession will be made in favor of such renters. The favor of early orders are solicited.

THE Board do not think that any concession should be granted in the case of rents for more than a year. If the Collector thinks concession wanted in the case of annual rents, he will report proposals, or state amount involved.

No. 121-B. ORDER THEREON, 5th February 1877, No. 524-A.

Miscellaneous.

If the Collector considers any concession is required, he should submit his proposals in definite form. It is not the part of Government to take the initiative in such matters. They concur with the Board that speculative ventures, such as fish and tope rents, are not entitled to any consideration in the way of concession when they run for more than one year.
