*Proceedings of the Madras Government, Revenue Department,
5th February 1877.*

No. 125-A. Read the following Proceedings of the Board of Revenue, dated 31st January 1877, No. 376:—

Read the following letter from J. H. MASTER, Esq., Collector of Bellary, to H. E. STOKES, Esq., Acting Secretary to the Board of Revenue, dated 24th January 1877, No. 39:—

I HAVE the honor to forward herewith an estimate for the road from Goodikota to Hoshalli in the taluq of Kudlighi. The estimate, amounting to Rupees 17,950, has been prepared by the Tahsildar, and the District Engineer approved it. I request the sanction of the Board to carry out the work out of the Famine Funds.

2. A copy of the District Engineer's letter is enclosed. The work is in progress already.

ENCLOSURE No. 1.

From W. LEGGATT, Esq., Officiating District Engineer, Bellary, to J. H. MASTER, Esq., Collector of Bellary, dated Yettenhalli, 15th December 1876, No. 3,901.

In returning the papers which accompanied your letter, No. 1,953, of the 14th instant, I have the honor to state that the rates entered in the estimate framed by the Tahsildar of Kudlighi, for the road from Goodikota to Hoshalli, are, in my opinion, reasonable. They are slightly in excess of those given in the Kudlighi Taluq data table in this office, but, in the absence of particulars, such as nature of soil, distance for cartage, &c., it is not possible to check the rates properly. Considering, however, the state of the country, the rise in prices, &c., and the labor available, I think the rates may stand.

(True Copy.)

(Signed) J. H. MASTER,
Collector.

ENCLOSURE No. 2.—Estimate.

THE estimate will be submitted for the orders of Government.

2. The attention of the Collector is called to the rule prohibiting commencement of work without prior sanction of estimates. As the work has been begun, the Board suppose it had better be completed; but there are, they believe, many irrigation works in the Kudlighi Taluq, the repair of which should be undertaken in preference to the construction of new roads.

Acting Secretary.

No. 125-B. ORDER THEREON, 5th February 1877, No. 526-A.

Miscellaneous.

THE estimate is sanctioned as the work has been put in hand; but the Collector must endeavour in future to select

irrigation repairs or storage of metal in preference to making new roads as relief works, and to send up estimates as soon as ready or before commencement of work. In the present case the estimate is dated October 1876, and is only forwarded in January 1877.
