Proceedings of the Madras Government, Public Works Department,
13th January 1877. No. 147.

No. 286. Read the following letter from Colonel C. WILKINSON, R.E.,
Superintending Engineer, Coimbatore, to Lieutenant-Colonel J. MULLINS,
R.E., Chief Engineer for Irrigation, dated Coimbatore, 6th January 1877,
No. 112 C. I. :—

I HAVE the honor to forward for sanction a revised estimate for improving the
Polliem tank in Coimbatore, amounting to Rupees 2,415, or Rupees 235 in excess of
the original estimate of Rupees 2,180, sanctioned in G.O., No. 2,638, of 13th
September 1875.

2. The cause of excess is that when the excavations for the foundation were
dug out, the kunkur on the surface was not found sufficiently hard on which to build,
and this caused an excess of brickwork in chunam. The Range Officer, who was in
charge of the work at the time, omitted to report this, for which I would have found
fault with him, but he has left the district.

Funds are available to meet the excess of Rupees 235 from the Budget grant for
Minor New Works, Agricultural.

P.S.—Please to sanction soon as the work is delayed and ought to be finished
off hand.

No. 287. ORDER THEREON, 18th January 1877, No. 147.
