*Proceedings of the Madras Government, Revenue Department,  
5th February 1877.*

No. 128. Read the following Proceedings of the Board of Revenue, dated 25th January 1877, No. 292:—

Read the following letter from G. D. LEMAN, Esq., Collector of the Kistna District, to H. E. STOKES, Esq., Acting Secretary to the Board of Revenue, dated Masulipatam, 11th January 1877, No. 67.

I HAVE the honor to report that the ryots of a village in one of the upland taluqs of the Vinukonda Division have applied for permission to irrigate their dry crops free of charge, and the Deputy Collector recommends that their request be complied with provided that there is at present no wet cultivation under the tank, the water of which is intended to be utilized.

2. In the Delta Taluqs the ryots have applied for water gratis to soak their dry lands in order to make them fit to be turned up with a view to raise dry crops thereon. This request was complied with as soon as the demands of wet cultivation for water had ceased, as the Water-rate rules direct the imposition of water-tax only where a crop is irrigated and as the circumstances of the season demanded the concession.

3. In the present case, as the water is not required for wet cultivation, and as the north-east monsoon has failed, the request of the ryots deserves favorable consideration, and I have ordered that when the crop is not good, water may be taken free, but that when the crop is a good one, the water will be charged for.

Irrigation, No. 1A.

SANCTIONED, and communicated to the Public Works Department. Information should be furnished as to the

area benefited by the concession, and care should be taken that water does not run short for preparing the regularly-irrigated wet land in consequence of the concession.

2. In the Delta taluqs  
the ryots have applied for  
water grants to soak their  
dry lands in order to make  
them fit to be turned up  
with a view to raise dry crops  
thereon. This request was con-  
=plied with as soon as the de-  
mands of wet cultivation  
for water had ceased, as the  
water rate rules direct the  
imposition of water tax only  
where a crop is irrigated and  
as the circumstances of the  
season demanded the con-  
=servation.

3. In the present case  
as the water is not required

for wet cultivation and  
as the North East Monsoon  
has failed, the request of  
the ryots deserves favorable  
consideration and I have  
ordered that when the crop
