Rainfall on 2nd September

Adoni .2 inch
Alur no report
Tadpatry -

(Already reported) Gooty .3 inch

On 3d September

Gooty .3 inch

Remark. Weather excellent for the crops throughout the Alur, Tadpatry and Gootty Taluqs. (Information from Adoni imperfect: there seems to have been good rain along north frontier, at all events). Cultivation of black soils going on. Early dry crops flourishing, also young growths in regada. Pasture abundant.
