Nellore

Rev: Department.

No 5364/1

Proceedings of the Board of Revenue.

Dated 3d September 77.

Read G.O. R.D dated 21 August 1877 No 2546 B.

Communicated to the Collector of Nellore.

2. The Board understand the Collector's meaning to be that the arrangement under which the provision of employment for Coolies in need of relief in certain portions of the district was to be entrusted to the officers of the D.P.W exclusively has fallen through but according to the Collector's weekly reports certain works are still supervised by the professional Department & the laborers employed thereon are entered in the Board's weekly report according to the Collectors returns.

SK

It is presumed that these are famine relief
works & that the Boards returns need no
correction; the Collector will state whether
this is the case or not.
