Revenue DEPARTMENT

G.O. No. / B.P. No.	5373	Press. / Mis.
Dated	10. 9. 1877.	197 .

Not to be folded or roughly handled.

Archives I—10,006—19-4-79.

5378/1

No. 3,880.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 20th August 1877.

Read the following Proceedings of the Madras Government in the Revenue Department, dated 4th August 1877, No. 4,343 :—

Read the following Proceedings of the Madras Government, Public Works Department, dated 10th July 1877, No. 152-I.

No. 80-I.

Note by the Chief Engineer for Irrigation.

THE lists required by G.O., No. 1,360, 20th April 1877, are, so far as information has been obtained, submitted for the information of Government.

2. No lists have been received from the Godavery where, however, there has apparently been no outlay from Famine Relief Funds, or from the Kistna, Nellore, Chingleput, Cuddapah, Kurnool, Salem, and Coimbatore Districts, so that the information obtained up to date is manifestly very incomplete.

3. In some cases neither the value of the work done nor the actual expenditure from Famine Relief Funds is stated "for want of a completion certificate." What was wanted was the value of work done, whether complete or not, up to the 31st March, and the actual expenditure is independent of any examination of work done.

Vide List B, Nos. 4 and 5.

4. It will be seen from List C that in North Arcot thirty-six repair works were carried out by the Public Works Department, and in each case the value of work done corresponds with the expenditure from Famine Relief Funds. This is the result of carrying out the work under ordinary departmental arrangements. The expenditure amounts to Rupees 8,013 from Relief Funds, and on only three works (Nos. 1, 2 and 3) was any expenditure incurred from Budget Funds, the sum spent being Rupees 8,385.

Under the Revenue Department sixty-five works were in progress, but for none of them has the value of the work done or the expenditure been ascertained.

5. In South Arcot one work only appears to have been undertaken, and on that Rupees 3-9-7 were spent by the Revenue Department, the value of work done corresponding with the expenditure.

Repairs C.

6. In Bellary the total number of works executed is sixty-five. The correctness of the entries is in many cases more than doubtful. In the Bellary Range there were fifteen works, and on most of them the value of work done was much less than the expenditure, but in the following instances the value is stated to be much more than the expenditure :—

	Value.	Outlay.		
	RS.	RS.	A.	P.
No. 9	450	401	13	8
„ 14	200	77	8	2

The rest of the works are in the Pennacondah Range, and in every case the value of work done corresponds exactly with the actual expenditure ; a sufficiently remarkable result.

FORT ST. GEORGE,
2nd July 1877.

(Signed) JOHN MULLINS, Colonel, R.E.,
Chief Engineer for Irrigation.

To the Joint Secretary to Government, Public Works Department, Irrigation Branch.

(Signed) JOHN MULLINS, Colonel, R.E.,
Chief Engineer for Irrigation.

FORT ST. GEORGE,
2nd July 1877.

5273/6

THE lists of agricultural works carried out wholly or partly from Famine Relief Funds are too imperfect to be of value. Only for a few works carried out by the Public Works Department in North Arcot is the information given apparently reliable.

2. Those District Engineers who have failed to comply with G.O., No. 1,360, of the 20th April 1877, will lose no time in submitting their lists, and will explain the cause of delay.

3. The District Engineer, Bellary, will report the cause of the value of work done on works Nos. 9 and 14 in the Bellary Taluq being much in excess of the expenditure, and he will explain how it has occurred that in the Pennacondah Range the value of work done exactly corresponds with the expenditure. He will report whether the entries in column 8 are based on measurements of work at normal rates.

4. The Revenue Department will be requested to take steps for determining the actual expenditure up to the 31st March last on each work carried out by the Revenue Officers.

(True Extract.)

(Signed) JOHN MULLINS, Colonel, R.E.,
Joint Secy. to Govt., P.W.D.,
Irrigation Branch.

COMMUNICATED to the Board of Revenue with the request that the information called for in paragraph 4 may be submitted at an early date.

(True Extract.)

(Signed) J. H. GARSTIN,
Additional Secretary to Government.

COMMUNICATED to all Collectors of distressed districts who will submit, with the least possible delay, a statement in the form given in Department Public Works G.O., dated 20th April 1877, No. 1,360, communicated with Board's Proceedings, dated 23rd May, No. 7,504, showing for each agricultural work executed by Revenue Officers from Famine Funds expenditure up to 31st March last and value of work done.

(A true Copy and Extract.)

Acting Secretary.
