Dated Chittoor the 22nd August 1877.

Sir,

With reference to Government Order dated the 1st instant No 2429 Rd. calling upon Collectors to despatch a telegram on any day on which intelligence of rain having fallen in any part of their districts reaches them, I have the honor to request that you will inform me whether the Order applies to this District.

I

I may mention that rain more or less falls every day in some part of the District and is expected throughout the months of July August and September up to the 15th October. I presume that it cannot be intended that I am to telegraph this daily. I append a statement of the rainfall of this District for these months for the past three years. This year the rainfall is somewhat scanty, but not so much so as to excite any serious apprehension at present. In any case I presume it will be sufficient to telegraph to you whenever a good fall of rain, say an inch or more, is reported.

I have the honor to be
