Famine Relief.

No. 167-A. Read the following Proceedings of the Board of Revenue, dated 26th January 1877, No. 308:—

THE attention of Collectors of districts is called to the present want of punctuality in forwarding the weekly reports. The Board are aware of the difficulties which must have been felt at starting, but with proper organization these ought now to have been overcome. So far, however, from improvement in the matter, the Board find that the earlier reports were more punctually submitted and were better than the later ones, and the present is the first week in which the Board have been prevented from submitting the general report (that for the 20th January) to Government on the prescribed date.

2. The report for the district of Bellary, in which the difficulties are greatest, has hitherto always been received in time, and that for the 20th January has failed owing only to miscarriage of the post. What can be managed in a district circumstanced as Bellary at present is could be done in others under proper arrangements, and the Board beg Collectors to use their best efforts to have the orders issued by the Board on the subject of these reports strictly carried out.

3. The last two or three reports from Coimbatore have been received by telegraph on the Monday or Tuesday, showing that complete information had reached the Collector in ample time; but the full report has not reached the Board's Office till Friday or Saturday. This shows sheer neglect in the Collector's office, and Mr. Wedderburn will be good enough to have a remedy applied at once. The reports from Trichinopoly and Tinnevely have hitherto been late. The attention of the Collectors is called to the fact. The report from Nellore is usually very late.
