PROCEEDINGS OF THE BOARD OF REVENUE, dated 16th May 1877.

Read the following Proceedings of the Madras Government, dated 23rd January 1877, No. 235, Financial Department :—

Read [illegible] the Board of Revenue, dated 10th January 1877, No. 132.

ORDER THEREON, 23rd January 1877, No. 235.

IN their Proceedings above recorded, the Board of Revenue submit the Budget Estimates for 1877-78 of the Provincial Services under their control.

2. *Printing.*—The receipts are estimated at Rupees 13,396, and the expenditure at Rupees 80,400 as under :—

The estimate of the net amount to be provided for expenditure is therefore Rupees 67,004 against Rupees 64,000 sanctioned for the current year. The excess is due to an increase of Rupees 5,400 in the allotment for the "Purchase of Materials," owing to the insufficiency of the stock in hand. The Government are unable to sanction any increase in the net charge to Provincial Funds, and the allotment of Rupees 15,900 under the above head must consequently be reduced to Rupees 12,900, or Rupees 2,400 in excess of that sanctioned for the current year. The totals will then be—

Expenditure	77,400

The estimates are accepted, the expenditure falling short of the receipts by Rupees 4,000.

4. *Government Farms—*

Charges.

5. Estate Improvement	10,346	4,082	6,066	4,250
Total ...	50,025	42,000	46,590	53,320

The estimated receipts are much below those entered in the sanctioned Budget for the current year, but it is observed that they exceed the Regular Estimate by Rupees 1,074. The largest falling off is Rupees 1,350 under "Rent," owing chiefly to the abandonment of an unnecessary practice of a debit and a credit entry under this head of a sum of Rupees 1,100.

The items by which the estimated expenditure is increased have all been sanctioned in separate orders.

The estimates are accepted, the amounts to be included in the Provincial Budget being—

	Rs.
Receipts	6,000
Charges	26,000

The balance will be met from the amount transferred from the Surplus Pound Fund.

5. *Miscellaneous—*

Receipts.

Charges.

—	Actuals, 1875-76.	Budget, 1876-77.	Regular Estimate, 1876-77.	Estimate, 1877-78.
	Rs.	Rs.	Rs.	Rs.
1. Rewards for destruction of Wild Animals, preserving Skins, &c.	32,229	25,000	22,885	32,200

7. Rain Gauges	10	20	67	100
Total ...	50,534	44,780	25,501	47,630

Owing to the introduction of greater detail, and a new distribution of heads of estimate, no comparison can be made with the sanctioned estimate for the current year, and even a comparison with the actuals is vitiated by the fact that the figures shown for that year against "Cost of Books and Publications" include items over which the Board of Revenue have no control, viz., the charges of the establishment of the Registrar of Books at Madras and the cost of books purchased by him.

With regard to the provision for "Rewards for the destruction of Wild Animals," the Board of Revenue remark that it is nearly the same as the actuals for the past year, and request the Government to pass it as it is neither desirable nor possible to curtail the charge. The Government observe, however, that the Regular Estimate for the current year is only Rupees 22,885, and resolve accordingly to reduce the grant to Rupees 25,000 as in the sanctioned Budget for the current year. It is noted that the provision for the "Burial and Maintenance of Paupers" does not include disbursements by the Commissioner of Police at Madras.

The other items call for no remark and the sums passed are—

	Rs.
Receipts	17,800
Charges	40,430

The Government proceed to consider the services which bring in no receipts. The estimates are—

5. Grants-in-aid to Native Choultries	11,373	10,000	14,787	11,800
6. Public Works	8,094	24,950	19,284	15,420

The resolution of the Board of Revenue to ask the Postmaster-General to revise his estimate so as to bring them within the amount originally assigned by the Government of India is approved.

The information supplied by Collectors in regard to the grants-in-aid of Native Choultries appears to have been very incomplete. The Board's estimate is approved as the best which can be made under the circumstances.

It is observed that under Public Works the Board have rightly disallowed several of the proposals made by Collectors on the ground that only emergent works should be undertaken in the present state of the Provincial finances, and have thus reduced the estimate from Rupees 19,670 to Rupees 15,420.

The Government agree with the Board of Revenue in considering that any charges connected with experimental cultivation and the like should be met from the grant on account of Government Farms.

The grants to be included in the Provincial Budget are—

9. Native Choultries	11,800
10. Public Works...	15,420

The net charge against Provincial Funds will thus be Rupees 3,14,564 against Rupees 1,84,660 in G.O., dated 20th January 1876, No. 122. The difference* is fully accounted for by the inclusion of the marginally-noted new items and the exclusion from both sides of the amounts transferred from the Surplus Pound Fund on account of the Government

The Government are not sure whether any transfer from the Surplus Pound Fund is made in the Account Department or whether it is merely a convenient form of expressing the fact that the balance at credit of the Surplus Pound Fund after the transfers to Local Funds has been assigned for farm purposes. The Board will report on the subject.
