GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

5th September 1877, No. 299 I.

Irrigation.

Read the following paper:—

No. 39. From Major P. MONTGOMERIE, R.E., District Engineer, Salem, to the Chief Engineer for Irrigation, dated Camp, Oosoor, 17th August 1877, No. 39 S.L.

I HAVE the honor to draw your special attention to my letter, No. 33, dated 10th August 1877, and to request that I may be favored with the orders of Government by telegraph as to whether the Public Works Department may be permitted or not to take up the repairs of the Mittah and Dusbandam Irrigation Works in this district.

2. The Collector of the district has discontinued the employment of labor by the Revenue Department in the Salem and Tripatore Ranges from the 15th instant, and as the repairs to the remaining Government Irrigation works and the collection of material along the roads will not be sufficient to enable the Public Works Department to furnish employment for the increasing numbers that require work during this most severe period of the distress, I have the honor most respectfully to urge the advisability of at once taking up the repairs of all Mittah and Dusbandam Irrigation Works which are probably the most useful and necessary works that can be suggested.

No. 40. ORDER THEREON, 5th September 1877, No. 299 I.

RECORDED with reference to G.O., No. 298 I, dated 5th September 1877.

(True Extract.)
