The Resolution in this department, No. 683, of the 4th February 1876, deciding that when stores from England are required for the joint purposes of Imperial and Provincial Services the whole cost should be treated in the Home accounts as an Imperial charge, any necessary adjustment between Provincial and Imperial Revenues for stores appropriated to Provincial uses being made in India by credit to Imperial Revenues.

RESOLUTION.—After further consideration of the question of the precise mode of adjusting the value of English stores paid for from Imperial Funds but appropriated in India to Provincial uses, the Honorable the President in Council is pleased to decide that Resolution, No. 683, of the 4th February 1876, shall not be held to apply to the Public Works Department. In this department, all recoveries from Provincial Funds for such stores transferred shall be credited in the accounts to Imperial outlay and not to Imperial Revenues.

2. The opportunity is taken to impress upon local Governments and Administrations the necessity for effecting adjustments of this nature in the accounts of the year in which the expenditure is incurred, and also of avoiding as much as possible the submission of consolidated indents. There ought not to be much difficulty in distinguishing *ab initio* between the stores required from England for Imperial and Provincial purposes, respectively.

---

ORDERED, that this Resolution be communicated to the Public Works Department for information and further orders, and to all local Governments and Administrations, to the Comptroller-General, and to all Accountants-General and Deputy Accountants-General* in independent charge for information and guidance.

* Except Mysore and Hyderabad.
