From

W. J. Whitridge Esquire
 Collector of North Arcot

To

C. A. Galton Esquire
 Secy. Secretary to the Board of
 Revenue, Madras.

Sir,

I have the honor to forward
 herewith a Taluquar statement of
 cultivation for June 1877, as compared
 with the average of the last 3 years,
 called for in the Board's Official
 Memorandum No. 1131 D/3 4th
 July 1877

2. The large increase of cultivation
 in

in this year is due to the general
fall of rain to a greater or less
extent in all parts of the District
in my last. The Dry cultivation
is upwards of 9200 acres; but the
Bumboo, Raggy, and other Dry crops
have withered from want of sub-
-sequent seasonable rains, and the
wet crops, the cultivation of which
has not been extensive, are, except
under wells and channels, drooping
for want or insufficiency of irrigation.

Agricultural prospects are now
almost at a stand-still, and the
condition of Ryots will very shortly
become most miserable, if rain
holds off much longer.

3. I take this opportunity of
bringing to the notice of the
Board

5753
u

That a considerable number of
poor Ryots in the District have, in
consequence of the prevailing distress,
been so reduced as to be in great want
of seed grain to commence cultivation⁵⁷⁵³
when the season improves. The time
would seem to have arrived for in-
-augurating the system of advances
for seed grain, and I have, therefore
the honor to request, with reference
to the Board's Proceedings dated 11th
Ultimo, No. 3249, that you will be
good enough to obtain their sanction
to place for the present, a sum of
Rs 5000 Rs at my disposal for this
purpose. I beg also for instructions
as to the terms on which the advances
in question are to be made to those
who may apply for the same.

North Arcot Collector
Office Camp Palmaran
7th August 1877

I have
(s) W. J. White
Collector

Submitted to Government in
Continuation of Board's Proceedings of
31st July 1877 No 3561.

2. ⁵⁷⁵³ ~~all~~ Whiteside will not be res-
-tricted to 5000 Rupees which would
probably be altogether insufficient,
for the supply of seed grain to all
those needing it; general instructions
will probably be issued in a few
days on the receipt of further
orders from Government. But in
the mean time, if advances are
required they will be given to
all puttadars really needing them,
in sufficient amounts to purchase
seed for as much of their holding
as they are able to cultivate. 28
lbs per acre for dry & 75 lbs for
wet land are considered sufficient.

3. The advance will be recoverable
in the same manner as arrears of
land Revenue & a simple receipt
on Stamp paper is all that need
be taken as advances should only
be made to registered landholders.
The Tahsildar will be held res-
-ponsible that advances are not
made to improper persons
