Sir,

I have the honor to forward herewith, an estimate (Plan also sent to be returned) made together with a revised Abstract Estimate sent in by the Sub collector and countersigned by the District Engineer, for repairing the bund of Chottapallieem Tank in the Vellore Taluq, which necessarily requires repair. The Revised Abstract Estimate amounts to Rs 3447 and in it the cost for earth and some other works has been raised on account of Relief labour.

This is the cause of the difference in amounts between the original and revised Abstract Estimates now submitted. I request that early sanction may be accorded for putting the work in hand to provide labour for the distressed people in need thereof in the vicinity of the village

alone referred to.
