My dear Gaustin -

I appreciate these Prop
to be Bd, 2/6th instant, rough
addressed at foot to you, full paper
to me - It is true, be remissious are
necessary because there is a "Famine"
but I imagine your work is to describe the
famine, not to deal with pure Revenue
questions arising out of the calamity.

With you be so good as to give your
Opinion in this same paper - as I wd.
wish to refer the point, if we happen to
differ -

Yours truly

Wm. Mitchell

My dear Carmichael

I quite agree with you
that my business is to confine myself to
famine matters - not to deal with
purely Revenue questions arising out of
it - on more than one occasion I have
sent you papers etc. though addressed
