GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

4th October 1877, No. 374 I.

Irrigation.
Account.

Read the following paper :—

No. 26. From Captain G. T. SKIPWITH, R.E., Assistant Secretary to the Government of India, Public Works Department, (Civil Works—Irrigation,) to the Joint Secretary to the Government of Madras, in the Public Works Department, Irrigation Branch, dated Simla, 11th September 1877, No. 266 I

I AM directed to acknowledge the receipt of your letter No. 804 of the 8th March last submitting for sanction an estimate, amounting to Rupees 31,380, for constructing regulating works on the Codamoorty and Trimulrajenour rivers, and recommending that the cost be debited against "Extraordinary Funds." In reply I am to say that, in consequence of the smallness of the works and the absence of any definite information regarding the returns to be expected from them, it is not thought advisable to recommend them to Her Majesty's Secretary of State for inclusion in the category of Extraordinary Works. If chargeable to Ordinary Revenue, they can be dealt with by the Madras Government.

2. The plans received with your letter under reply are herewith returned.

No. 27. ORDER THEREON, 4th October 1877, No. 374 I.

THE estimate of Rupees 31,380 will, with reference to the remarks contained in the foregoing letter from the Government of India, be sanctioned for execution from the Ordinary Grant; and the requisite entry will be made in the Budget Estimates for 1878-79. This sanction has been registered as No. 227 I of 1877-78, and the details of sanction are shown in the papers printed in Proceedings, Madras Government, of the 8th March 1877, No. 803, the only alteration necessary being that the fund will be Capital Ordinary.

2. Should any funds become available before the end of December, an allotment will be made to allow of the foundations being got in during the dry season. The District Engineer will make application for the funds required in due course.
